NOTICE TO ALL BIDDERS, PURCHASERS, ACQUIRERS OF ADJUDICATED PROPERTY

Re: *Purchaser's/Acquirer's Responsibility to Comply with Notice and Recordation Requirements under La. R.S. 47:2006 and La. R.S. 47:2008*

Dear Bidder:

Thank you for your interest in the bid and possible subsequent purchase of the property adjudicated to Terrebonne Parish Consolidated Government. To protect your rights in this property, a few more steps are required by state law after your winning bid is established.

Recently, Louisiana has passed new laws requiring purchasers of adjudicated property to notify any parties who may have had an interest in the property of their rights of redemption. **Terrebonne Parish Consolidated Government has not and will not perform these notice requirements; thus, should your bid be accepted as the winning bid, it will be your responsibility to do so.**

Attached are copies of the law containing the form letter and form publication prepared by the State of Louisiana, both of which comply with the new notice requirements.

Louisiana Law also provides that a purchaser of adjudicated property may cancel liens and encumbrances filed against the property by recording in the mortgage department of the parish courthouse proof of the notices discussed above. A copy of this law, which contains a form affidavit, is also provided.

If you have any questions regarding the contents of these forms or the procedure which must be followed, you should contact your attorney for advice.

This information is being provided to you as part of a bid packet for the bid and potentially the subsequent purchase of adjudicated property from the Terrebonne Parish Consolidated Government. By acquiring a bid packet for the bid/purchase of adjudicated property, you acknowledge that you have reviewed and understand the ordinance declaring surplus the adjudicated property that is the subject of this bid package; you have received this information and the attached statutes (laws); and that you understand these procedures must be followed in order to fully protect your rights in the adjudicated property that you wish to purchase from the parish.

NOTICE TO ALL BIDDERS, PURCHASERS, ACQUIRERS OF ADJUDICATED PROPERTY

Re: *Purchaser's/Acquirer's Responsibility to Comply with Notice and Recordation Requirements under La. R.S. 47:2006 and La. R.S. 47:2008*

Dear Bidder:

Thank you for your interest in the bid and possible subsequent purchase of the property adjudicated to Terrebonne Parish Consolidated Government. To protect your rights in this property, a few more steps are required by state law after your winning bid is established.

Recently, Louisiana has passed new laws requiring purchasers of adjudicated property to notify any parties who may have had an interest in the property of their rights of redemption. **Terrebonne Parish Consolidated Government has not and will not perform these notice requirements; thus, should your bid be accepted as the winning bid, it will be your responsibility to do so.**

Attached are copies of the law containing the form letter and form publication prepared by the State of Louisiana, both of which comply with the new notice requirements.

Louisiana Law also provides that a purchaser of adjudicated property may cancel liens and encumbrances filed against the property by recording in the mortgage department of the parish courthouse proof of the notices discussed above. A copy of this law, which contains a form affidavit, is also provided.

If you have any questions regarding the contents of these forms or the procedure which must be followed, you should contact your attorney for advice.

This information is being provided to you as part of a bid packet for the bid and potentially the subsequent purchase of adjudicated property from the Terrebonne Parish Consolidated Government. By acquiring a bid packet for the bid/purchase of adjudicated property, you acknowledge that you have reviewed and understand the ordinance declaring surplus the adjudicated property that is the subject of this bid package; you have received this information and the attached statutes (laws); and that you understand these procedures must be followed in order to fully protect your rights in the adjudicated property that you wish to purchase from the parish.

USER agrees to investigate, handle, and respond to any such lawsuit at its sole expense and agrees to bear all other costs, attorney fees and expenses resulting or related thereto, even if it (claims, etc.) is groundless, false or fraudulent.

§1798. Firearms; disposal by law enforcement agencies

A. Notwithstanding any provision of the law to the contrary, the Louisiana Department of Public Safety and Corrections, office of the state police, the Louisiana Department of Wildlife and Fisheries, and each law enforcement agency of a political subdivision of the state shall dispose of firearms which are lawfully seized by and forfeited to those agencies in the manner provided for in this Section.

B. For the purpose of this Section, the following words shall have the following meanings:

(1) "Contraband" means any firearm which cannot be lawfully owned or possessed by any state or local law enforcement agency or by any private citizen.

(2) "Firearm" means any pistol, revolver, rifle, shotgun, machine gun, submachine gun, or assault rifle, which is designed to fire or is capable of firing fixed cartridge ammunition or from which a shot or projectile is discharged by an explosive.

(3) "Forfeited" means that the ownership of the firearm has been transferred to a law enforcement agency by a court order and that the firearm is not being held as evidence or for any other purpose related to an investigation or prosecution of criminal activity.

(4) "Law enforcement agency" means the Louisiana Department of Public Safety and Corrections, office of state police, the Louisiana Department of Wildlife and Fisheries, the sheriff of any parish, or the police department of any municipality.

(5) "Seized" means lawfully taken and held by a law enforcement agency in connection with an investigation or prosecution of criminal activity.

C. If the seized or forfeited firearm is contraband, the law enforcement agency shall destroy the seized or forfeited firearm.

D. If the seized or forfeited firearm is not contraband, and if the law enforcement agency knows the owner of the seized or forfeited firearm, and if the owner did not commit any violation of any federal or state law or local ordinance in which the seized or forfeited firearm was involved, and if the owner may lawfully possess the seized or forfeited firearm, the law enforcement agency shall return the seized or forfeited firearm to the owner.

E. If the provisions of Subsections C and D do not apply, the law enforcement agency shall dispose of the seized or forfeited firearm in accordance with the following provisions:

(1) If the firearm is of a type which can lawfully be possessed and used by a law enforcement agency, the law enforcement agency may dispose of the firearm in one of the following ways:

(a) The law enforcement agency may retain and use the firearm.

(b) The law enforcement agency may sell or donate the firearm to another law enforcement agency or may use the firearm as consideration or partial consideration in an exchange with another law enforcement agency.

(c) The law enforcement agency may sell the firearm to a firearms dealer or a firearms manufacturer, or may use the firearm as consideration or partial consideration in an exchange with a firearms dealer or a firearms manufacturer, provided the firearms dealer or the firearms manufacturer is licensed to buy, sell, or trade that type of firearm.

(d) The law enforcement agency may destroy the firearm.

(2) If the firearm is of a type which can lawfully be possessed and used by a private citizen, the law enforcement agency may dispose of the firearm in one of the following ways:

(a) The law enforcement agency may retain and use the firearm.

(b) The law enforcement agency may sell or donate the firearm to another law enforcement agency or may use the firearm as consideration or partial consideration in an exchange with another law enforcement agency.

(c) The law enforcement agency may sell the firearm to a firearms dealer or a firearms manufacturer, or may use the firearm as consideration or partial consideration in an exchange with a firearms dealer or a firearms manufacturer, provided the firearms dealer or the firearms manufacturer is licensed to buy, sell, or trade that type of firearm.

(d) The law enforcement agency may sell the firearm to a private citizen. A sale of a firearm to a private citizen shall be at a public auction in the same manner as a sale of surplus property. A sale of a firearm to a private citizen shall comply with all federal laws, state laws, and local ordinances which apply to that sale, and the law enforcement agency shall perform the background checks on the

purchaser which are required by state and federal laws for sales of firearms by licensed firearms dealers.

(e) The law enforcement agency may destroy the firearm.

F. Before a law enforcement agency destroys a seized or forfeited firearm under the provisions of Subsections D and E , the law enforcement agency shall ensure that any security interest attached to the firearm to be destroyed is satisfied in favor of the party holding the security interest in the firearm.

G. A law enforcement agency may dispose of its own surplus firearms in accordance with the applicable provisions of this Section.

## ORDER TO DISPOSE OF EVIDENCE

---

CONSIDERING THE FOREGOING MOTION:

It is found that the items listed in "Exhibit A" are no longer needed as evidence in any proceeding or appeals and should not be returned to the person from whom seized.

The items have been in the custody of the Houma Police Department for a period of over 6 months and no claims have been received by the Houma Police Department during that period.

It is found that the cost of a public sale of the items described in the Motion, which items were seized in connection with this proceeding, would probably exceed the highest bid received at such a sale, therefore,

IT IS HEREBY ORDERED that the items in "Exhibit A", attached hereto, be transferred under the authority of La. R.S. 15:41 to the Houma Police Department, where such items will be used in the furtherance of law enforcement or destroyed by the Houma Police Department, personnel as per their procedure.

In March 2009, Parish Administration began the process to extend the Solid/Liquid Waste Property Tax for the years 2018 - 2029, in order to utilize 2 mills of the 11.21 mills for Liquid/Sewerage dept repayment of \$25.0 million. The millage was renewed on November 14, 2009. The Parish has not yet moved forward on the sale of those bonds, and have accumulated cash to pay as we go. Below is an accumulation of the funds available.

I only need \$2.5 million for this project. The project will consist of replacing sections of gravity sewer mains along Lafayette St., Hobson, Honduras, and Morgan St. These lines prohibited visual inspection due to numerous defects and were not deemed a candidate for usual point repairs. The benefit derived from replacing these gravity mains would be to improve sewer service and avoid the potential of a sink hole.

Hey Mike,

You will have \$9.3 million coming from this year and prior years once Al gives his okay. Please give me a breakdown as to what projects will make up this amount. Yes, I will have to do a budget amendment.

Thanks,

Donald, Administration has agreed to replace gravity mains at an estimated project budget of \$2.5 million. Funds are to be derived from the 2.0 mils dedicated for sewers as part of the solid waste bond issue. We are presenting a resolution for Monday night authorizing Providence/GSE to provide engineering services. Is this money available or you need to prepare a budget amendment?

RE: 22-00932, Terrebonne Community Park Acq. & Dev

Dear Mr. Claudet,

We are pleased to advise you that we received official approval and obligation of federal funds for the referenced project with federal matching assistance up to \$250,000.00.

Attached are two copies each of the State Agreement, Maintenance Agreement, Resolution, Certification of Understanding and Certification of Compliance – Related Federal Acts. The Alternate State Liaison Officer for the State of Louisiana has signed the Agreement. Please sign and return the originals as soon as official adoption can be effected by your agency. You are to retain the copies for your files. The General Provisions are attached to your copy of the State Project Agreement, as it is a part of that legal document.

After having returned the original copy of the State Agreement, Maintenance Agreement, Resolution, Certification of Understanding and Certification of Compliance – Related Federal Acts, please follow these steps:

1. Have the property appraised according to the attached guidelines and the Uniform Appraisal Standards for Federal Land Acquisition ([www.usdoj.gov/enrd/land-ack/](http://www.usdoj.gov/enrd/land-ack/)) which you must furnish to your appraiser. Submit **three** copies to this agency.
2. Upon receiving written notification that your appraisal has been reviewed and approved, you may offer the owner of the property just compensation. To do so, fill out the attached **Statement of Just Compensation** with the dollar amount determined by the appraisal. *This statement must be signed and dated on or prior to the Act of Sale.* If, after the statement has been signed, a difference in valuation is reached by negotiation, a letter of explanation signed by you and the owner must document this difference.
3. When the above requirements are met, you may pass the Act of Sale. In regard to the development of facilities, National Park Service regulations require this office to review and approve construction plans and specifications for each element outlined in the project proposal **prior** to commencement of work. **Construction begun and costs incurred before approval of plans and specifications are not eligible for matching assistance.**

Page 2

Mr. Claudet,

Plans and specifications must be submitted for all elements of work covered by the funds obligated as detailed in your project proposal and shown on the project agreement. A copy of the Federal Requirements and EEO provisions concerning construction contract compliance are enclosed for your guidance and **are to be included in your plans and specifications**. Also, please note the uniform administrative requirements for political subdivisions concerning bonding and insurance.

In keeping with the terms of the agreement signed by you, complete plans and specifications should be submitted within four months of the date of approval of the state agreement, and construction will begin on the site within six months of the date of approval.

Please be reminded that federal regulations require all wiring to be underground. This regulation must be complied with whether or not Land and Water Conservation Fund monies are used to provide the electrical service during this project or in the future.

Please note the provision in the Project Agreement that requires compliance with the Americans with Disabilities Act of 1990.

This agency is required to comply with the Historic Properties Preservation Act of 1966 on all federally funded projects. For this reason, we request your cooperation in notifying the State Historic Preservation Office at P. O. Box 44247, Baton Rouge, LA 70804 (phone 225/342-8160) should cultural resources be discovered during construction of your project.

Compliance with Title VI of the Civil Rights Act of 1964 is required. This act prohibits any discrimination based upon race, creed, or national origin. Please post the attached Complaint Procedure in a conspicuous place in your administrative offices and copies for display in appropriate locations in your recreation areas.

Please note in particular and comply with the requirements of Attachment #1 to the agreement and of the General Provisions. Copies of the attachments concerning EEO (Attachments A – D) listed below **must be furnished to your consultant, and subsequently to the contractor**, to assure your compliance with federal regulations.

You are advised that the project proposal adopted by your official resolutions is part of the above contractual agreement. **Any** deviations from the scope outlined in the project proposal, including deletion or addition of elements of work or within elements of work, will require an amendment to the agreement through this agency. Remember that approval must be obtained from this agency for plans and specifications before you advertise for bids or any expenditure for construction is made.

Mr. Claudet,

A permanent sign acknowledging assistance is required by the National Park Service. Upon completion of the project, this agency will provide a sign acknowledging federal assistance. Your share (50%) will be deducted from a check due you on one of your billings.

At your earliest convenience, you are required to contact our office to arrange a meeting concerning billing procedures, plans and specifications, and prosecution of the project to completion. It is preferred that this meeting includes the administrator of the project and the person responsible for day-to-day accounting of the project.

We are pleased to assist you and look forward to working with you in the year ahead. If you have any questions concerning this project, please contact LaShonda Buckner, Grants Administrator, at (225) 342-8111 or toll free 1-888-677-1400.

Sincerely,

---

**ALL UTILITY LINES WILL BE PLACED UNDERGROUND.**

*The State of Louisiana hereby promises to obtain federal monies for that portion of the project referred to as "federal funds", to accept such funds from the United States and disburse same to participant or its fiscal agent that portion of the total obligation that is the United States' share. It is understood by the parties hereto that this agreement shall not obligate State of Louisiana funds for the project costs described herein. In the event future support should not be forthcoming for subsequent phases or overruns, the participant agrees to bring the project to a state of usefulness so that funds invested shall not be lost. A determination of the state of usefulness will be the same basis as that required of the state by the federal government.

The participant agrees that complete plans and specifications will be submitted within four months of the date of approval on the federal level and that construction will begin on the site within six months of the grant approval and will demonstrate steady progress to project completion; the penalty for non-compliance will be withdrawal of the grant. It is agreed that billings will be submitted to the state within 45 days after completion of each element of work or payment on a contract expressing percentage of each element in accord with the project proposal. Further, the participant or its fiscal agent agrees to submit a final billing within 90 days after the end of the project period or completion of the project, whichever is sooner.

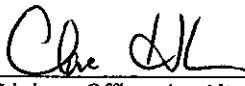

The project sponsor shall provide the Louisiana Office of State Parks, Division of Outdoor Recreation, quarterly progress reports to specifically identify the percentage of completion of each element identified in the Project Scope of this agreement. The quarterly progress reports will be due on February 1<sup>st</sup>, May 1<sup>st</sup>, August 1<sup>st</sup> and November 1<sup>st</sup> of each year through the duration of the project and until the project is formally closed out.

The project sponsor shall comply with applicable regulations, policies, guidelines and requirements as they relate to the use of Federal funds for this federally assisted project to include the Louisiana Audit Law (R.S. 24:513). Financial records, supporting documents, statistical records, and all other records pertinent to this grant shall be retained in accordance with 43 CFR Part 12 for a period of three years; except the records shall be retained beyond the three-year period if audit findings have not been resolved. The retention period starts from the date of the issuance of the final reimbursement for the project. The Secretary of the Interior, the Comptroller General of the United State, any of their duly authorized representatives, the Louisiana State Auditors Office, and representatives of the Department of Culture Recreation and Tourism Office of management and Budget shall have access to any books, documents, papers, and records of the project sponsor which are pertinent to this project for the purpose of making audit, examination, excerpts and transcripts.

In witness whereof, the parties hereto have executed this agreement this \_\_\_\_\_ day of \_\_\_\_\_
