Attention:	Mr. David Rome, Public Works Director
Subject:	Amendment No. 4 Proposal
Reference:	Hollywood Road Extension Bridge Project TPCG Project No. 19-BRG-25

Mr. Rome:

GIS Engineering, LLC (GIS) is pleased to submit this Amendment Proposal to continue providing Professional Engineering Services to the Terrebonne Parish Consolidated Government (TPCG) for services to be completed on the above referenced project.

## **BASIS OF PROPOSAL**

Pursuant to GIS' Amendment No. 3 Proposal, the proposed budget for Resident Project Representative (RPR) was reduced by \$135,000.00 due to budgetary constraints and it was noted that a future amendment would be needed should TPCG carry out full time RPR services for the total construction duration. As a result, GIS proposes an amendment to both the RPR budget and Other Direct & Reimbursable budget to continue providing these services through the scheduled completion date of May 9, 2024. Enclosed is a copy of the Amendment No. 3 Proposal for reference.

In addition, GIS is proposing two (2) new line items under this Amendment to be included as part of the Professional Services Agreement; these items will cover construction administration type services and tasks related to the Davis-Bacon Act. As stated in GIS' Amendment No. 3 Proposal, the full amount for basic services, which includes construction administration, was not requested due to the budgetary constraints mentioned above; therefore, GIS proposes new line items "Construction Management" and "Davis-Bacon Act Liaison". Should these two (2) items be included as part of the Professional Services Agreement, it will allow for GIS to continue providing construction admin. /management services, and perform all tasks that are necessary to maintain compliance with the guidelines and regulations of the Davis-Bacon Act. All work under "Construction Management" and "Davis-Bacon Act Liaison" will be performed on a time and material basis as outlined in the following section.

Attention:	Ms. Jeanne Bray, Capital Projects Administrator
Subject:	Amendment No. 3 Proposal & Balancing of the Budget
Reference:	Hollywood Road Extension Bridge Project TPCG Project No. 19-BRG-25

Ms. Bray:

GIS Engineering, LLC (GIS) is pleased to provide this Amendment Proposal to continue providing Professional Engineering Services through construction to the Terrebonne Parish Consolidated Government (TPCG) for services to be completed on the above referenced project.

## PROJECT BACKGROUND

TPCG engaged GIS to provide engineering services for the project in February 2020. The lump sum fees for basic services were determined using the State's Facility Planning & Control/Department of Transportation and Development (FP&C/DOTD) fee curve using a construction cost estimate of \$850,000. Previous amendments executed in March 2020, December 2020, and May 2021 continued to rely on the same fee curve calculation while also accounting for additional scope such as a traffic study, additional survey and permit needs & right-of-way coordination, and a credit to resident project representation. Due to upgrades & changes to the proposed design and inflation since project conception, the actual bid price for construction of the project is \$3.6M.

## PROPOSED FEES

GIS proposes to continue to provide Professional Services for amended fees as outlined below. This amendment proposal includes work already performed to date on a T&M basis to secure DOTD and USACE/LDNR joint permits. This proposal also incorporates the additional construction oversight needed for a construction project duration of 270 Calendar Days (previous estimates considered only 120 days). And lastly, this proposal also calibrates the level of effort required during the design, bidding and construction administration phases based on a new construction cost of \$3.6M. Please note that GIS is not requesting the full amount for basic services based on a \$3.6M construction cost (\$297,900).

Bray June 20, 2023

Page 2

Summary of basis of proposal:

- Incorporate additional T&M efforts already performed and invoiced within the existing contract.
- Incorporate additional budget needed for construction oversight and reimbursables based on a construction duration of 270 calendar days (previous estimates considered only 120 days). Based on 10 hrs per day, 6 days a week.
- Include fees for the additional effort required during the design and bidding phases using the FP&C/DOTD fee curve with a construction cost of \$3.6M plugged in.
- Adjust the construction administration budget based on the FP&C/DOTD fee curve with a construction cost of \$3.6M.

Michael,

Please see the attached sand tickets. The sand was installed underneath the class 2 base course which on invoice # 11 was 668.9 SY. If you convert this to CY for the granular material item @ 12" comes to 223 CY. We were underbilled 73 CY for the granular material.

Thanks,

and leases.

3. Nothing herein contained shall be construed as to prohibit or preclude the Lessor herein from granting to other persons, associations or corporations the right to cross over or under the Property, provided that if such crossing should necessitate the alteration or relocation of the recreation structures constructed by Lessee, all costs thereof shall be at the expense of such subsequent grantee, subject to the following:

- a. The parties hereto recognize that it might hereafter become necessary or desirable to widen, deepen or make some other work of public improvement on the Property, and this Lease is accepted under the express condition and with the distinct understanding that, if any work by the United States or the State of Louisiana or any department, agency, or political subdivision of either makes it necessary to alter or relocate the floating docks, the entire costs of alteration or relocation shall be borne by the Lessee, the responsibility on the part of the Lessee being part of the consideration from which this Lease is made.
- b. Lessor may exercise the rights reserved herein without Lessee's consent, so long as those rights granted do not prohibit Lessee's use of the Property. Lessee hereby expressly agrees and declares that Lessor shall not be liable to Lessee for damages resulting from the exercise of any rights reserved herein.

#### ASSIGNMENT/SUBLEASE

This Agreement shall be binding upon Lessor and Lessee, their respective successors and assigns. This Lease may not be assigned, subleased or otherwise transferred in whole or in part without the prior written permission of Lessor, provided, however, that such consent shall not be necessary in the event of a transfer of the Lease resulting from a corporate merger, consolidation or change of name of Lessee.

#### HOLD HARMLESS

1. Lessee accepts the Property in its present condition and Lessor shall not be responsible for damage of any kind to any person or property arising out of or resulting from Lessee's use of the Property. Lessee further agrees to indemnify and to hold Lessor harmless against any loss or liability for injury to or death of persons or damage to property of others, including costs and expenses incident thereto, arising wholly or in part from or in connection with the condition, use or existence of the Property or any of the rights granted herein. Lessee will, at Lessor's request, appear and defend any suit arising from any such loss or liability at its own sole cost and expense and will pay any judgement that may be entered against Lessor therein when said suit is finally determined for such loss or liability resulting from Lessee's use of the Property.

2. Lessee further acknowledges and understands that Lessee's acceptance of the Property in its present condition and without any warranty of title whatsoever by Lessor, that Lessor will not be responsible to Lessee for any loss or damage that Lessee may suffer as a result of any claim, demand or cause of action that may be brought by third parties asserting riparian or reclamation rights to the Property leased herein.

#### LIABILITY INSURANCE

Lessee is required to maintain a minimum amount of liability insurance of at least Five Hundred Thousand and 00/100 (\$500,000) Dollars of liability insurance or a greater amount as established by Lessor at all times this Lease is in effect. Lessee shall ensure that the State of Louisiana is named as an additional insured and a certificate of insurance shall be submitted to Lessor upon request to insure continued coverage.

#### TERMINATION/EXPIRATION

1. Lessor may terminate the Lease for cause based upon the failure of the Lessee to comply with the terms and/or conditions of the Lease, including but not limited to failure to pay rent, discontinued use of the Property, or construction of unauthorized improvements that deviate substantially from those set forth in the Lessee's plans and specifications. Prior to termination, the Lessor shall give the Lessee written notice specifying the Lessee's failure. If within thirty (30) calendar days after receipt of such notice, the Lessee shall not have either corrected such failure or, in the case of failure which cannot be corrected in thirty (30) calendar days, begun in good faith to correct said

failure and thereafter proceeded diligently to complete such correction, then the Lessor may, at its option, place the Lessee in default and terminate the Lease on the date specified in such notice.

2. Should Lessee at any time use the Property or any portion thereof for any illegal or unlawful purpose, or should Lessee commit, or permit or tolerate the commission of any act made punishable by fine or imprisonment under the laws of the United States or the State of Louisiana, or any ordinance of the Parish, the Lessor may terminate the Lease immediately upon written or verbal notice to Lessee.

3. It is understood and agreed that should it be determined that the Property covered by this Lease is required for a public purpose by the State, Lessee shall be so notified by writing and this Lease shall be terminated and the Property surrendered ninety (90) days from the date of receipt of said notice. A pro-rata share of the annual rental shall be repaid to Lessee based on the ratio of the terminated period to the total annual rental period.

4. Lessee may surrender this Lease at any time, either during the original term or any extension of the original term by giving written notice to Lessor. If Lessee had previously recorded this Lease in the parish conveyance records, then Lessee shall file a written release in the parish conveyance records and shall provide Lessor a certified copy thereof. Surrender of this Lease shall not affect any existing obligations of the Lessee or relieve the Lessee of any obligations previously incurred.

5. Upon termination of this Lease, Lessee will ipso facto forfeit any right of recourse against Lessor for return of all or part of the consideration paid.

6. Upon dissolution of this Lease for any reason, including but not limited to termination for cause, expiration of the term or surrender by the Lessee, Lessee or its assigns hereby agree to remove at their sole risk, cost and expense any or all improvements, constructions, or obstacles and to restore the Property to its original condition within ninety (90) days. In the event Lessee fails to remove all constructions from the Property within ninety (90) days, then Lessor may (1) appropriate ownership of the improvements upon written notice, with no compensation owed to Lessee, or (2) remove the improvements, constructions, or obstacles. In the event Lessor must pay for removal of any improvements, constructions, or obstacles, Lessee is obligated to reimburse the Lessor for such removal expenses within thirty (30) days of demand thereof.

7. Should Lessor allow or permit Lessee to remain on the Property after the expiration or termination of this Lease, this shall not be construed as a reconduction of this Lease.
