#### RESOLUTION

A resolution providing for the acceptance of work performed by Lamar Contractors, LLC, in accordance with the Certificate of Substantial Completion for Parish Project 14-EOC-03, Terrebonne Parish Emergency Operations Center, Terrebonne Parish, Louisiana.

WHEREAS, the Terrebonne Parish Consolidated Government entered into a contract dated December 28, 2015 with Lamar Contractors, LLC, for Parish Project 14-EOC-03, Terrebonne Parish Emergency Operations Center, Terrebonne Parish, Louisiana, as will be seen by reference to said contract which is recorded under Entry No. 1497482 of the records of Terrebonne Parish, and

**WHEREAS**, the work performed has been inspected by authorized representatives of the Owner, Engineer, and Contractor and found to be substantially complete, and

**WHEREAS**, the Engineer for this project, Houston J. Lirette, Jr. Architect, A.P.C., recommends the acceptance of the substantial completion,

**NOW, THEREFORE BE IT RESOLVED** that the Terrebonne Parish Council, on behalf of the Terrebonne Parish Consolidated Government, does hereby accept the work performed, effective as of the date of recording of this resolution, and does authorize and direct the Clerk of Court and Ex-Officio Recorder of Mortgages of Terrebonne Parish to note this acceptance thereof in the margin of the inscription of said contract under Entry No. 1497482 of the Records of Terrebonne Parish, Louisiana, and

**BE IT FURTHER RESOLVED** that a certified copy of the resolution be forwarded to the Architect, Houston J. Lirette, Jr. Architect, A.P.C., and

**BE IT FURTHER RESOLVED** that a certified copy of the resolution be recorded in the office of the Clerk of Court of Terrebonne Parish to commence a 45-day clear lien period, and

**BE IT FURTHER RESOLVED** that the Administration is authorized to make payment of retainage upon the presentation of a Clear Lien Certificate.

THERE WIS RECORDED.

Re: T.P.C.G. Emergency Operations Center Gray, LA Punch List

Dear Houston,

The following items were found during our onsite walkthrough, March 23, 2017.

- 1. Contractor to install-lavatory faucet in Men's Staff Restroom. Value: \$500
- 2. Excessive sewer gas smell in Restrooms. Verify trap primer operation. Value: \$6,500 \$500
- 3. Contractor to clean drain of lavatories in Women's Restroom. Value: \$250
- 4. Contractor to install fire damper on supply in Dormitory 109. Value: \$500
- 5. Contractor to install return air grille in Entrance Facility Room 108. Value: \$500 \$200
- 6. Contractor to clean and flush CWS/CWR piping. Value: \$2,500 \$2,000
- 7. Contractor to install return air grille in Call Takers/Comm. 103. Value: \$250
- 8. There is a trap leak on the lavatory in Restroom 127. Value: \$250 \$200
- 9. Contractor to clean all lavatory and sink aerators. Value: \$250
- 10. Contractor to install bolt caps on water closets. Value: \$250 \$200
- 11. Contractor to finish caulk around fixtures. Value: \$250
- 12. Contractor to install diffuser in Storage/Trash Compactor Room 183. Value: \$500 \$250
- 13. Contractor to secure condensate drain piping to floor. Value: \$500
- 14. Valves are not properly insulated to AHU's. Value: \$750
- 15. Stainless steel back splash not installed on janitor's sink in Janitor 196. Value: \$250
- 16. Contractor to submit test and balance report. Value: \$7,500 \$500
- 17. Provide and install air vents, gauges, or thermometers on the equipment, as detailed. Value: \$500
- 18. Contractor to extend diffuser elevation to ceiling level in Incident Command Room 105. Value: \$3,000 \$1,500
- 19. Contractor to lower dryer vent to manufacturers' recommended height. Value: \$1,000 \$500
- 20. There is no air to UPS Room 181. Value: \$1,500

# Thompson Luke & Associates, L.L.C.

Fax 225-293-4171

- 21. Diffuser not installed for Electrical Room 182. Value: \$3,000 \$500
- 22. Contractor to replace vibration isolation under chiller #1. Value: \$2,500 \$500
- 23. Excessive flex used to diffuser in AV Closet 105A. Limit to 6' run. Value: \$500
- 24. Repair leak in the lavatory p-trap in Restroom 101. Value: \$250
- 25. Provide and install chemical water treatment, as specified. Value: \$7,500 \$2,500
- 26. Provide mechanical identification, as specified, Value: \$100
- 27. Install backdraft damper on exhaust ducts to wall grille in Electrical 182. Value: \$750-\$500
- 28. See attached commissioning punch list from Thompson Building Energy Solutions.
- 29. Auxiliary pan on FCU-2 is not piped correctly. Value: \$250
- 30. Seal aluminum cover insulation joints on all outdoor mechanical piping. Value: \$300
- 31. Vibration isolators are missing from pumps. Value: \$250

Total Previous Mechanical Value: \$15,450 Total New Mechanical Value: \$6,850

Total Previous Commissioning Value: \$39,950
Total New Commissioning Value: \$19,350

If you should have any questions or require additional information, please contact me.

Sincerely,

Frank Thompson, P.E. Thompson Luke & Associates, LLC

RE: Terrebonne Parish Emergency Operations Center

Houma, Louisiana

Architect's Project Number: 13-OEP-30

Subject: Substantial Completion Re-inspection 3-23-17

Dear Houston:

The following electrical items need to be corrected or completed during the lien period:

- 1. Program the exterior Lighting Control Panel so that the lights go "on" and "off" at night. At this time the lights are "on" 24 hours a day. (\$1,500)
- 2. Main Electrical Room Complete the wiring in the panelboards. Furnish Panelboard Schedules, close up panelboards, and make sure the breakers are set. (\$1,000)
- 3. Install panelboard names on all panelboards and label them properly. (\$250)
- 4. Green tag the Fire Alarm System once it has been completed. The Fire Alarm System has already been tested. The problem is with the Sprinkler System and the FM200 System which are not green tagged. (\$200)
- 5. Install emergency lights in the Generator Area. (\$1,500)
- 6. Chiller Yard Remove rust stains on the stainless steel boxes. (\$300)
- 7. Clean up all the tools and extra boxes and extra materials on the job site when the job is completed. (\$250)
- 8. Complete the installation of all canopy lighting near the EOC Building. (\$200)
- 9. Verify the gate operation. (\$250)
- 10. Radio Room-Complete the installation of the 12 volt power supplies.(\$500) AutoComm

The Grand Total Amount of the Electrical Punch List is \$5,450.

#### Warranty Item

1. Replace the failed Transformer in the Generator Area as soon as it is delivered.

Should you have any questions, please call.

Very truly yours,

Ronald J. Boudreaux, P.E.

## CONTRACT FOR ENGINEERING AND RELATED SERVICES SUPPLEMENTAL AGREEMENT NO. 3

TO

CONTRACT NO. 4400004274 STATE PROJECT NO. H.007350.6 FEDERAL AID PROJECT NO. H007350 HOLLYWOOD ROAD WIDENING (CE&I) TERREBONNE PARISH

THIS SUPPLEMENTAL AGREEMENT is made and entered into this \_\_\_\_ day of \_\_\_\_\_\_, 2017, by and between the Terrebonne Parish Consolidated Government, a political subdivision of the State of Louisiana, hereinafter referred to as the Entity, and Providence Engineering and Design, LLC, Houma, Louisiana, hereinafter referred to as "Consultant".

The Entity and the Consultant entered into a Contract on April 16, 2014 and Supplemental Agreements No. 1 and 2, thereto, to provide construction contract administration and construction engineering inspection services typically performed by the DOTD Project Engineer and his staff, including but not limited to utility relocation, P.C.C.P. pavement, subsurface drainage, traffic pavement markings, adding curb and gutter and related work, in Terrebonne Parish, Louisiana, more specifically described in the Contract and Supplemental Agreement.

It is hereby agreed between the parties hereto that the Contract of April 16, 2014, as modified by Supplemental Agreements No. 1 and 2, be further modified as follows:

#### **SCOPE OF SERVICES**

The scope of services shall remain as stipulated in the Original Contract dated April 16, 2014, and Supplemental Agreements 1 and 2.

#### **CONTRACT TIME**

The contract time shall be in accordance with the Original Contract.

#### **COMPENSATION**

Compensation to the Consultant for the services rendered shall be based on negotiated work hours using established billable rates for the actual work performed and the direct expenses incurred by the Consultant with a maximum limitation of \$197,093.

The maximum compensation payable to the Consultant under this Contract is hereby increased from \$1,550,901 to \$1,747,994, which includes compensation under Supplemental Agreements No. 1 and 2.

#### **ORIGINAL CONTRACT**

All requirements of the Contract of April 16, 2014, and Supplemental Agreements No. 1 and 2, thereto, except as specifically modified by this Supplemental Agreement, shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed by their respective officers thereunto duly authorized as of the day and year first above written.

#### RESOLUTION NO.

A RESOLUTION TO SUPPORT THE CIVIC CENTER BOULEVARD ROUNDABOUT AND TO AUTHORIZE THE PARISH PRESIDENT TO EXECUTE ALL AGREEMENTS FOR THE PROJECT.

**WHEREAS**, the Terrebonne Parish Council has been made aware of available funds through the Houma-Thibodaux Metropolitan Planning Organization (MPO), and

WHEREAS, the eligible projects include roadway maintenance such as concrete section repairs, bicycle and pedestrian improvements, turning lanes and intersection improvements, engineering designs, and right-of-way acquisition or utility relocation for transportation projects, and

**WHEREAS**, the parish has identified a need for improvements at the intersection of Civic Center Boulevard and Valhi Boulevard, and

WHEREAS, roundabouts have been identified as a proven countermeasure to reduce traffic congestion and improve intersection safety, and

WHEREAS, a roundabout at the intersection of Civic Center Boulevard and Valhi Boulevard has been identified in the MPO's long range Metropolitan Transportation Plan and short range Transportation Improvement Program as a priority for the region, and

**WHEREAS,** the South Central Planning and Development Commission has been designated as staff for the MPO, and

**WHEREAS,** the Louisiana Department of Transportation and Development administers the funding for the program,

**NOW THEREFORE, BE IT RESOLVED**, by the Terrebonne Parish Council, on behalf of the Terrebonne Parish Consolidated Government, that the Parish President is hereby authorized to sign, execute, and administer all necessary agreements with the South Central Planning and Development Commission and the Louisiana Department of Transportation and Development for the implementation of the **Civic Center Boulevard Roundabout**.

**BE IT FURTHER RESOLVED,** that this governing body agrees to a local match of 20% of the grant amount.

Re: Probable Project Budget
Houma Generating Station
DC Battery System Replacement
Terrebonne Parish, Louisiana

#### Dear Mr. Brown:

We have completed a preliminary investigation and probable project budget to furnish and install two new DC Battery Bank(s) at the Houma Generating Station.

The scope of work would consist of the removal of the existing battery banks, as well as furnishing and installing two new battery banks. Each battery bank consists of 60 batteries with 2 multi-step rack systems (30 batteries on each "step" of the rack). All new batteries shall meet the requirements of the existing battery banks. All existing conductors will be reused in the project.

Our opinion of estimated construction cost and probable project budget to complete this work is as follows:

A.	Public Advertisement, Recordation, Etc.		\$ 1,000.00
B.	Estimated Construction Cost:		\$221,500.00
	1. Mobilization	\$ 6,500.00	
	2. Demolition and Disposal	\$ 5,000.00	
	3. Installation of Battery Bank 1 and Rack	\$ 130,000.00	
	4. Installation of Battery Bank 2 and Rack	\$ 70,000.00	
	5. Contingency	\$ 10,000.00	
C.	Basic Engineering Services Including		
	Existing Conditions and Construction Oversight (I	Lump Sum)	\$ 19,800.00
D.	Contingency	- /	\$ 7,700.00
	Total Probable Project	- Budget	\$250,000.00

Mr. Ernest Brown, Director of Utilities Terrebonne Parish Consolidated Government February 14, 2017 Page 2

Also included is the engineering agreement for review. If the scope of work, fees, and engineering agreement are acceptable, please have the agreement signed, recorded, and returned to me at your earliest convenience.

Should you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

March 29, 2017

Parish President Gordy Dove 8026 Main Street, Suite 700 Houma, LA 70360

Dear Mr. President:

I am writing on behalf of the Houma-Terrebonne Airport Commission (H-TAC). They have authorized me to request that the Terrebonne Parish Consolidated Government (TPCG) revoke and set aside the dedication of Bauch Road located on the Houma-Terrebonne Airport, as the H-TAC believes it is no longer needed for public purposes.

The requested action is based on La. R.S. 48:701 et seq. Attached is an aerial map showing the portion of Safety Road (outlined in red) that is sought to have its dedication revoked.

If anything else is needed, please contact me or my staff.

Respectfully,

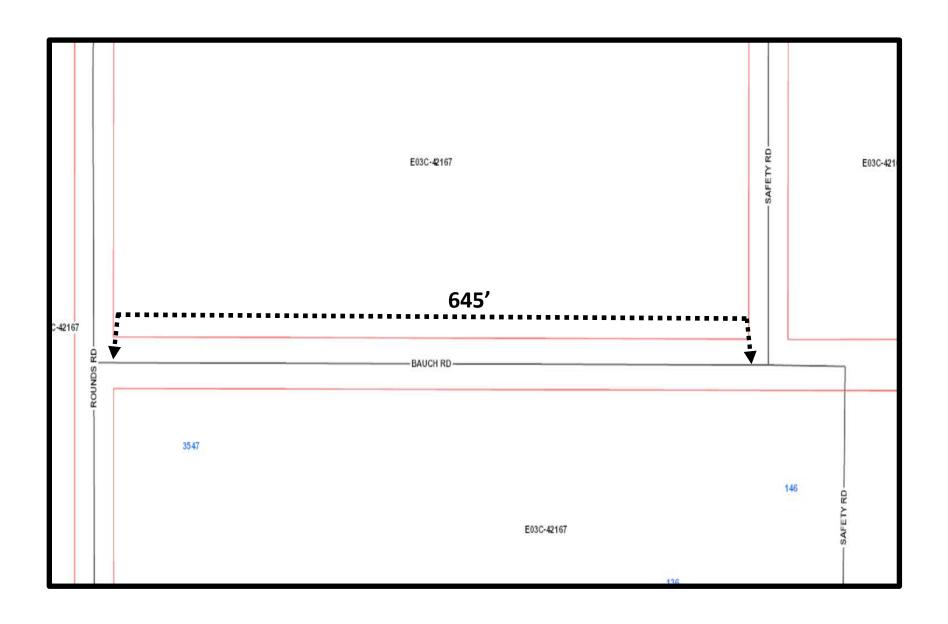

Joe Wheeler MCA, C.M., ACE

**Executive Director** 

## EXHIBIT "B"

## EXHIBIT "B"

OFFERED BY: SECONDED BY:

#### ORDINANCE NO.

AN ORDINANCE TO REVOKE THE RIGHT-OF-WAY FOR APPROXIMATELY 645 LINEAR FEET OF BAUCH ROAD

#### **SECTION I**

NOW, THEREFORE BE IT ORDAINED that the Terrebonne Parish Council, in regular session convened, acting pursuant to the authority vested in it by the Constitution and laws of the State of Louisiana, and pursuant to the Home Rule Charter for a Consolidated Government, does hereby revoke the dedication of public passage on Bauch Road between the Rounds Road, and Safety Road, however Terrebonne Parish Consolidated Government reserves the entire area as a public utility servitude, as depicted on Exhibit "B", attached hereto.

#### **SECTION II**

BE IT FURTHER ORDAINED, that the Terrebonne Parish Council has determined that this 645 linear foot section of Bauch Road no longer serves a public purpose and does not further the interests of the Parish Road System.

#### **SECTION III**

If any word, clause, phrase, section or other portion of this ordinance shall be declared null, void, invalid, illegal, or unconstitutional, the remaining words, clauses, phrases, sections and other portions of this ordinance shall remain in full force and effect, the provisions of this ordinance hereby being declared to be severable.

#### **SECTION IV**

This ordinance shall become effective upon approval by the Parish President or as otherwise provided in Section 2-13(b) of the Home Rule Charter for a Consolidated Government for Terrebonne Parish, whichever occurs sooner.

This ordinance, having been introduce and laid on the table for at least two weeks, was voted upon as follows:

### RESOLUTION

A resolution awarding and authorizing the signing of the construction contract for Parish Project No. 16-SEW-12, South Wastewater Treatment Levee Rehabilitation Project, Terrebonne Parish Consolidated Government, Terrebonne Parish, Louisiana, and authorizing the issuance of the Notice to Proceed.

**WHEREAS**, the Terrebonne Parish Consolidated Government did receive construction bids on Parish Project No. 16-SEW-12, South Wastewater Treatment Levee Rehabilitation Project, Terrebonne Parish, Louisiana, and,

**WHEREAS**, the responsive low bid was that submitted by Lil Man Construction, LLC, in the amount of \$359,631.50 for the Base Bid, \$15,512.50 for Alternate No. 1, \$15,512.50 for Alternate No. 2 and \$15,512.50 for Alternate No. 3 for a total bid amount of \$406,169.00, and

**NOW, THEREFORE, BE IT RESOLVED** that the Terrebonne Parish Consolidated Government award the construction contract to Lil Man Construction, LLC, in the amount of \$406,169.00, and

**BE IT FURTHER RESOLVED,** that the President of Terrebonne Parish Consolidated Government, be and he is hereby authorized and empowered to sign a construction contract for and on behalf of the Terrebonne Parish Consolidated Government with Lil Man Construction, LLC, upon receipt of the performance bond in the amount of the contract price, and

**BE IT FURTHER RESOLVED**, that upon receipt of required certificates of insurance evidencing coverage as provided in the project specifications and upon execution and recordation of all contract documents, that the Engineer is hereby authorized to issue the Notice to Proceed to the Contractor to commence construction of the project, and

Parish Project No. 16-SEW-12 GIS Project No. 39130-1014/1015

Mr. Bush:

GIS Engineering, LLC has reviewed the bids received on March 15, 2017 for the above referenced project. This letter addresses our findings and recommendations. The bid results are listed below:

	Contractor Name	Base Bid	Alternate No. 1	Alternate No. 2	Alternate No. 3
1	Norris & Boudreaux Contractor, LLC	\$359,490.00	\$13,500.00	\$13,500.00	\$13,500.00
2	Lil Man Construction, LLC	\$359,635.05	\$15,512.75	\$15,512.75	\$15,512.75
3	Larry Doiron, LLC	\$371,800.00	\$17,000.00	\$17,000.00	\$17,000.00
4	Volute, Inc.	\$382,824.00	\$21,392.50	\$21,392.50	\$21,392.50
5	LA Contracting Enterprise, LLC	\$418,900.00	\$23,125.00	\$23,125.00	\$23,125.00
6	Low Land Construction Company, Inc.	\$438,014.00	\$12,995.00	\$12,995.00	\$12,995.00
7	Cycle Construction Company, LLC	\$471,000.00	\$19,375.00	\$19,375.00	\$19,375.00
8	River/Road Construction, Inc.	\$520,300.00	\$19,750.00	\$19,750.00	\$19,750.00
9	M & M Pipeline Acquisition, LLC	\$539,900.00	\$27,500.00	\$27,500.00	\$27,500.00
10	SPS Construction Repair & Restoration, LLC	\$631,906.99	\$15,957.50	\$15,957.50	\$15,957.50
11	Civil Construction Contractors, LLC	\$656,031.00	\$27,480.00	\$27,480.00	\$27,480.00

Enclosed herewith is the "Bid Evaluation Summary" containing the evaluation results of the bids received and the "Bid Tabulation Summary" outlining each of the dollar amounts of the received bid.

### **EVALUATION**

Norris & Boudreaux Contractors, LLC was the apparent low bidder at the time of the bid in the amount of \$359,490.00. After evaluation of the bid the following was found:

• Contractor failed to accurately fill out the Unit Price Bid Form by stating as Not Applicable "N/A" under the Unit Price column for the Mobilization & Demobilization and Clearing & Grubbing bid items.

The discrepancy stated above was submitted to TPCG for further evaluation, and based on their legal department review and according to correspondence received on April 4, 2017, the bid was deemed as "non-responsive" based on the following:

- Section B, Part 9.2 of the Contract Documents states "All blank spaces on the bid form shall be properly filled in ink, or typed, in both words and figures as indicated."
- Section C Louisiana Uniform Public Work Bid Form states "This form shall be used for any and all work required by the Bidding Documents and described as unit prices. Amounts shall be stated in figures and only in figures."

The next apparent low bidder was <u>Lil Man Construction</u>, <u>LLC</u> with a base bid of \$359,635.05 and \$15,512.75 for each of the three bid alternates. All bid documents were submitted as required and in compliance with the Contract Documents, with the exception of a discrepancy found with the unit bid form, where the UNIT PRICE EXTENSION does not equal the QUANTITY times the UNIT PRICE. It is our understanding that this is allowed under bid law under the following condition:

• If the public works require unit price bids and there is a discrepancy between the base bid total and the sum of the extended unit prices, the unit price bid shall govern. (RS 38:2212 A(6)(C)). Therefore, under this condition the actual base bid for Lil Man Construction, LLC would be \$359,631.50, with \$15,512.50 for each bid alternate.

### **RECOMMENDATION:**

Based on our evaluation and contingent upon concurrence by the Terrebonne Parish Consolidated Government and its legal counsel, GIS Engineering, LLC recommends award of the Base Bid for the South Wastewater Treatment Levee Rehabilitation Project Contract to the responsive low bidder, <u>Lil Man Construction, LLC</u>, in the amount of <u>THREE HUNDRED FIFTY-NINE THOUSAND, SIX HUNDRED THIRTY-ONE DOLLARS AND FIFTY CENTS (\$359,631.50)</u>.

If you have any questions or require any additional information, please contact me at (985) 219-1000.

Sincerely.

Christopher J. Jeanice, P.E.

### RESOLUTION

A resolution authorizing the execution of Change Order No. 1 for the Construction Agreement for Parish Project No. 10-CDBG-R-LEV-63; Ward 7 Levee Improvements Marsh Creation Project, Terrebonne Parish, Louisiana.

**WHEREAS**, the Terrebonne Parish Consolidated Government entered into a contract dated October 29, 2015, with Coastal Dredging Company, Inc., for the Ward 7 Levee Improvements Marsh Creation Project, Parish Project No. 10-CDBG-R-LEV-63, Terrebonne Parish, Louisiana, and

WHEREAS, it is necessary to cover the costs associated with repairing a breach in the marsh, placing additional material required to meet design elevation, and remobilization of Contractor to the site, and

WHEREAS, this change order will increase the contract by \$264,597.37, and

**WHEREAS**, this change order is required to increase contract time by Two Hundred Ninety-Seven (297) calendar days, and

WHEREAS, this change order has been approved by the Louisiana Office of Community Development (OCD), and

**WHEREAS**, this Change Order No. 1 has been recommended by the ENGINEER for this project, CB&I Coastal, Inc.

**NOW, THEREFORE BE IT RESOLVED** that the Terrebonne Parish Council, on behalf of the Terrebonne Parish Consolidated Government, does hereby approve and authorize the execution by Terrebonne Parish President Gordon E. Dove of Change Order No. 1 to the construction agreement with Coastal Dredging Company, Inc., increases the construction time by two hundred ninety-seven (297) calendar days and increases the contract amount by Two Hundred Sixty-Four Thousand, Five Hundred Ninety-Seven Dollars and Thirty-Seven Cents (\$264,597.37), and

**BE IT FURTHER RESOLVED** that a certified copy of the resolution be forwarded to the Engineer, CB&I Coastal, Inc.

# Change Order No. 1

PROJECT: Ward 7 Levee Improvements Marsh Creation Project For the Mitigation of The Lower Ward 7 Levee	DATE OF ISSUANCE: March 23, 2017						
OWNER: Terrebonne Parish Consolidated Government P.O. Box 6097 Houma, Louisiana 70361	OWNER'S PROJECT NO. 10-CDBG-R-LEV-63						
CONTRACTOR: Coastal Dredging Company, Inc. P.O. Box 3085 Hammond, LA 70404	ENGINEER: CB&I Coastal, Inc. 197 Elysian Drive Houma, Louisiana 70364						
CONTRACT FOR: Ward 7 Levee Improvements Marsh Creation Project For the Mitigation of The Lower Ward 7 Levee	ENGINEER'S PROJECT NO. 141235						
You are directed to make the following changes in the Contract Documents.  Description:  This change order adds new Items: No. CO1-1 "Re-mobilization and Demobilization" in the amount of \$25,599.25 and Item No. CO1-2 "Vinyl Bulkhead Repair" to repair the damaged portion located at the southwest end of the steel sheet pile wall from closure No. 3. Item No. 3 "Hydraulic Dredging" increases from 300,000 cubic yards to 330,000 cubic yards. This results in a \$264,597.37 net change order.  Purpose of Change Order:  The purpose of this change order is to repair the damaged portion of existing marsh next to closure No. 3 caused by a breach that ocurred on August 25th, 2016 and increase cubic yardage on Item 03 "Hydraulic Dredging" to place additional material at marsh creation areas where design elevation was not achieved. As mentioned above "Re-mobilization & Demobilization" was added due to an eminent threat of upcoming storm "Hermine" that was projected to impact the construction site. Personnel was forced to evacuate site and demobilize equipment. In order to resume contruction activities, personnel needs to mobilize equipment back to site.							
CHANGE IN CONTRACT PRICE: Original Contract Price \$ 2,179,000.00	CHANGE IN CONTRACT TIME: Original Contract Time 270 Calendar Days August 8, 2016

ATTN: Ms. Jeanne Bray

RE: Mayfield Bridge #1 Project No. 15-BRG-12

Terrebonne Parish, Louisiana

Dear Ms. Bray:

We have reviewed the bids and have found that they are in order and meet the requirements set forth in the bid documents. We recommend the award of the Base Bid to Coastal Bridge who submitted the lowest responsive base bid of \$569,338.80.

If you have any questions or comments, please contact me at your convenience.

Very truly yours,

MILFORD & ASSOCIATES, INC.

Milford, III, P.

## **BID BOND**

**FOR** 

Tarrob	anna Daviah	Canadidata	Government
Lerren	onne Parish	Consolinated	1 (30Vernment

Date: March 28, 2017

KN	MOL	AII	MFN	RY	THESE	PRESENT	2

That Coastal Bridge Company, LLC of Baton Rouge, LA , as Principal, and Nationwide Mutual Insurance Company , as Surety, are held and firmly bound unto the Terrebonne Parish Consolidated Government (Obligee), in the full and just sum of five (5%) percent of the total amount of this bid, including all alternates, lawful money of the United States, for payment of which sum, well and truly be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally firmly by these presents.

Surety represents that it is listed on the current U. S. Department of the Treasury Financial Management Service list of approved bonding companies as approved for an amount equal to or greater that the amount for which it obligates itself in this instrument or that it is a Louisiana domiciled insurance company with at least an A - rating in the latest printing of the A. M. Best's Key Rating Guide. If surety qualifies by virtue of its Best's listing, the Bond amount may not exceed ten percent of policyholders' surplus as shown in the latest A. M. Best's Key Rating Guide.

Surety further represents that it is licensed to do business in the State of Louisiana and that this Bond is signed by surety's agent or attorney-in-fact. This Bid Bond is accompanied by appropriate power of attorney.

THE CONDITION OF THIS OBLIGATION IS SUCH that, whereas said Principal is herewith submitting its proposal to the Obligee on a Contract for:

Mayfield Bridge #1 - Dulac, LA - 15-BRG-12

NOW, THEREFORE, if the said Contract be awarded to the Principal and the Principal shall, within such time as may be specified, enter into the Contract in writing and give a good and sufficient bond to secure the performance of the terms and conditions of the Contract with surety acceptable to the Obligee, then this obligation shall be void; otherwise this obligation shall become due and payable.

## RESOLUTION

A resolution authorizing the execution of Change Order No. 2 for the Construction Agreement for Parish Project No. 10-CDBG-R-LEV-63; Ward 7 Levee Improvements & Extension Phase III, Boudreaux Canal to Lashbrook Pump Station, Terrebonne Parish, Louisiana.

**WHEREAS**, the Terrebonne Parish Consolidated Government entered into a contract dated January 26, 2016, with Phylway Construction, LLC, for the Ward 7 Levee Improvements & Extension Phase III, Boudreaux Canal to Lashbrook Pump Station, Parish Project No. 10-CDBG-R-LEV-63, Terrebonne Parish, Louisiana, and

**WHEREAS**, this change order is required to increase contract time by One Hundred Forty (140) calendar days due to adverse weather delays and time required to investigate and evaluate a levee slide, and

WHEREAS, this change order will not increase the Construction Cost, and

WHEREAS, this change order has been approved by the Louisiana Office of Community Development (OCD), and

**WHEREAS**, this Change Order No. 2 has been recommended by the ENGINEER for this project, CB&I Coastal, Inc.

**NOW, THEREFORE BE IT RESOLVED** that the Terrebonne Parish Council, on behalf of the Terrebonne Parish Consolidated Government, does hereby approve and authorize the execution by Terrebonne Parish President Gordon E. Dove of Change Order No. 2 to the construction agreement with Phylway Construction, LLC, increases the construction time by One Hundred Forty (140) calendar days with no increase in Construction Cost, and

**BE IT FURTHER RESOLVED** that a certified copy of the resolution be forwarded to the Engineer, CB&I Coastal, Inc.

## CHANGE ORDER NO. 2

## PROJECT: DATE OF ISSUANCE: Ward 7 Levee Improvements & Extension March 21, 2017 Phase III: Stations 10+37 to 281+20 Boudreaux Canal to Lashbrook Pump Station OWNER: OWNER'S PROJECT NO. Terrebonne Parish Consolidated Government 10-CDBG-R-LEV-63 P.O. Box 6097 Houma, Louisiana 70361 CONTRACTOR: **ENGINEER:** Phylway Construction, L.L.C. CB&I Coastal, Inc. 1074-A-Hwy. 1 197 Elysian Drive Thibodaux, LA 70301 Houma, Louisiana 70364 CONTRACT FOR: ENGINEER'S PROJECT NO. Ward 7 Levee Improvements & Extension 141235 Phase III: Stations 10+37 to 281+20 Boudreaux Canal to Lashbrook Pump Station You are directed to make the following changes in the Contract Documents. Description: The contractor is allowed additional contract time due to any abnormal weather conditions beyond the normal anticipated days lost due to rain for each month. Also, additional time will be waived for the time lost while performing geotechnical investigation and evaluation of the levee slide between stations 172+00 and 184+00. Purpose of Change Order: The purpose of this change order is to add one hundred and eight (108) additional contract days due to weather for the months of February 2016 through January 2017. 32 days will be waived from January 28th, 2017 to February 28, 2017 due to operations being shut down to perform geotechnical investigation and evaluation of the levee slide. # RESOLUTION

A resolution providing approval of Amendment No. 2 to the Engineering Agreement for Parish Project No. 09-DRA-66, Forced Drainage Areas (Near Lake Boudreaux TE-32A), Terrebonne Parish, Louisiana.

**WHEREAS**, the Terrebonne Parish Consolidated Government entered into a Engineering Agreement dated October 6, 2009, with T. Baker Smith, LLC., for the Project entitled Parish Project No. 09-DRA-66, Forced Drainage Areas (Near Lake Boudreaux TE-32A), and

**WHEREAS**, the Engineering Agreement between OWNER and ENGINEER provides for certain limitations for Basic Services and specific Additional Services, and

WHEREAS, the system was realigned to minimize secondary wetland impacts and anticipated mitigation costs of the overall forced drainage project, and

WHEREAS, the realignment requires preliminary plans, permit modifications, and hydraulic model modifications, and additional surveying and data collection, and

**WHEREAS**, the firm of T. Baker Smith, LLC, has been asked to perform these activities under the Additional Services section of the Engineering Agreement for this project, and

**WHEREAS**, the TPCG is desirous of having these services continued so that there is a need for additional funds to be added to the contract for an increase in the upset limit of \$79,725.00, and

**NOW, THEREFORE BE IT RESOLVED** that the Terrebonne Parish Council, on behalf of the Terrebonne Parish Consolidated Government, does hereby approve this Amendment No. 2 to the Engineering Agreement for an increase of \$79,725.00 and authorizes Parish President, Gordon E. Dove, to execute this Amendment No. 2 to the Engineering Agreement for Parish Project No. 09-DRA-66, Forced Drainage Areas (Near Lake Boudreaux TE-32A), with T. Baker Smith, LLC, and

**BE IT FURTHER RESOLVED** that a certified copy of the resolution be forwarded to the Engineer, T. Baker Smith, LLC.

THERE WAS RECORDED: YEAS: NAYS: NOT VOTING: ABSENT			
And the Chairman declared the resolution adopted on this		, 2017.

# AMENDMENT NO. 2 TO ENGINEERING AGREEMENT

THIS AMENDMENT	NO. 2, hereinafter	sometimes referred to a	s "AGREEMENT,"	made and
entered into this	day of	, 2017.		

BY AND BETWEEN:

**TERREBONNE PARISH CONSOLIDATED GOVERNMENT,** (TPCG), a political subdivision of the State of Louisiana, represented herein by its duly authorized President, Gordon E. Dove (hereinafter sometimes referred to as "OWNER"), and

**T. BAKER SMITH, LLC,** represented herein by James P. Ledet, P.E., duly authorized Vice President of Engineering (hereinafter sometimes referred to as "ENGINEER"):

is a revision to the ENGINEERING AGREEMENT dated October 6, 2009, (AGREEMENT) for professional engineering services between the OWNER AND ENGINEER for Forced Drainage Areas (near Lake Boudreaux TE-32A) Project, Parish Project No. 09-DRA-66.

WHEREAS, the Engineering Agreement between OWNER and ENGINEER provides for certain limitations for Basic Services and specific Additional Services, and

WHEREAS, the system was realigned to minimize secondary wetland impacts and anticipated mitigation costs of the overall forced drainage project, and

WHEREAS, the realignment requires preliminary plans, permit modifications, and hydraulic model modifications, and additional surveying and data collection, and

WHEREAS, the firm of T. Baker Smith, LLC, has been asked to perform these activities under the Additional Services section of the Engineering Agreement for this project, and

WHEREAS, the TPCG is desirous of having these services continued so that there is a need for additional funds to be added to the contract for an increase in the upset limit of \$79,725.00, and

**NOW, THEREFORE**, be it understood and agreed by the parties hereto to amend the AGREEMENT as follows:

Section 5, Paragraph 5.1.1 reads as follows:

For Basic Services. OWNER shall pay ENGINEER for basic services rendered under section 1 (as amended and supplemented by Exhibit "A", Further description of Basic Engineering Services and Related Matters") as follows:

A percentage of the Construction Cost based ASCE Curve "B" attached hereto as Exhibit "C". The Construction cost used for calculating the fee will be the

# Construction Cost (i.e. Fee is equal to 5.7295% of Construction estimate of \$2,618,038.00 or \$150,000.00

The fee for basic services based on a percentage of the construction cost will have a maximum limitation of 110% of the ENGINEER's Opinion of Probable Construction Cost submitted with the Final Design Documents in accordance with Section 1.4.3 of this contract. The fee for basic services based on a percentage of the construction cost will have a minimum limitation of 90% of the ENGINEER's Opinion of Probable Construction Cost submitted with the Final Design Documents in accordance with Section 1.4.3 of this contract.

#### Amend Section 5, Paragraph 5.1.2., to read as follows:

General. For Additional Services rendered under paragraph 2.1.1 through 2.1.17, inclusive (except services covered by Paragraph 2.1.7 and services as a consultant or witness under 2.1.16), on the basis of Exhibit "D", "Current Rate Schedule – 2016". At this time, the following additional services are anticipated and the Estimated Costs shown below are recommended for budgetary considerations.

Additional Services	Current	Recommended	New
<u>Category</u> <u>Description</u>	<u>Limit</u>	<u>Increase</u>	<u>Limit</u>
2.1.1 Permits	\$ 57,000.00	\$91,500.00	\$148,500.00
2.1.3 Owner Design Changes	\$ 0.00	\$30,000.00	\$ 30,000.00
2.1.4 Hydraulic Modeling	\$ 0.00	\$ 9,800.00	\$ 9,800.00
2.1.9 Field Surveys	\$ 50,000.00	\$16,800.00	\$ 66,800.00
2.1.17 Geotechnical Coordination	\$ 1,500.00	\$ 1,250.00	\$ 2,750.00
2.1.17 Right-of Way Acquisition	\$ 20,000.00	<u>\$ 1,100.00</u>	\$ 21,100.00
TOTAL	\$128,500.00	\$150,450.00	\$278,950.00

#### Amend Section 5, Paragraph 5.1.2.2 to read as follows:

Special Consultants. For services and reimbursable expenses incurred for coordination of special consultants employed by ENGINEER pursuant to Paragraph 2.1.1 or 2.1.17, on the basis of Exhibit "D". Services and reimbursable expenses of special consultants will be approved by ENGINEER, but shall be paid directly by OWNER. At this time, the following special consultants are anticipated, and the Limitation of Costs shown below are recommended for budgetary considerations: **Geotechnical Consultant:** \$44,275.00

## Amend Section 5, Paragraph 5.1.2.4 to read as follows:

Resident Project Services. For resident services during construction furnished under Paragraph 2.2.1, on the basis of Exhibit "D" for services rendered by principals and employees assigned to field offices in connection with resident project representation with a Limitation of Cost of \$0.00

## Section 5, Paragraph 5.1.3 reads as follows:

For Reimbursable Expenses. In addition to payments provided for in Paragraphs 5.1.1 and 5.1.2, OWNER shall pay ENGINEER the actual costs of all Reimbursable Expenses incurred in connection with all Basic and Additional Services with a Limitation of Cost of \$10,000.00

Amend Section 5, paragraph 5.1.5 to read as follows:

The estimated cost of Paragraphs 5.1.2, 5.1.3 and 5.1.4, shall have a combined limitation of cost in the amount of \$333,225.00 which shall not be exceeded without the issuance of a formal change order authorized by the Terrebonne Parish Consolidated Government through its duly authorized President.

March 28, 2017

Mr. Mart Black, AICP Coastal Restoration/Preservation Director Terrebonne Parish Consolidated Government P. O. Box 6097 Houma, LA 70361

Dear Mr. Black:

Subject:

**Engineering Agreement Amendment No. 2** 

Reference:

Forced Drainage Areas (near Lake Boudreaux TE-32A) Project

TPCG Parish Project No. 09-DRA-66

T. Baker Smith, LLC (TBS) is pleased to submit this proposal for Amendment No. 2 to our Engineering Agreement dated July 5, 2011 for the above project. On March 7, 2017, TBS provided a map depicting the proposed re-alignment of the South Pump Station and Levee Improvements of the North Lake Boudreaux Forced Drainage System. The system was re-aligned to minimize secondary wetland impacts and anticipated mitigation costs of the overall forced drainage project. Staff has requested that TBS provide an estimate of engineering fees to prepare preliminary design plans and provide necessary additional services for the modified south system as shown in the attached map. TBS has reviewed the existing engineering contract and determined the required increase in Additional Services fees needed for the following Scope of Work.

#### AMENDMENT NO. 2 SCOPE

- T. Baker Smith, LLC has been requested to prepare preliminary design plans and probable project cost estimate for the revised alignment of the proposed south levee and pump station. This revised design will include sufficient detail to determine quantities, revised impacts, prepare 30 percent preliminary plans, and prepare revised permit plats.
- T. Baker Smith, LLC has been requested to modify current permit plat drawings for the revised alignment of the proposed South levee and pump station. This task will include revising permit plats, calculating revised impacts, preparing a revised permit application, and submitting revised documents to permitting agencies.

Due to the revised levee alignment and the decrease in reservoir storage, we will need to modify the hydraulic model to determine maximum water levels within the forced drainage area and to confirm pump sizes.

T. Baker Smith, LLC will also need to perform additional civil site surveys along the revised levee alignment to collect data for the preparation of design plans. TBS field crew will collect the necessary field data and cross sections in order to prepare design plans.

This Amendment No. 2 is also necessary to adjust fees for existing tasks to account for unforeseen additional efforts required for Geotechnical Consultation and Coordination, Right-of-way Acquisition, and Environmental Permitting due to numerous request by the permitting agencies for additional data to support the need, justification, and benefit of this project.

## PROPOSED COST

Amendment No. 2 proposes to change the limitations in the Additional Services portion of our engineering contract by the following amounts:

## **Additional Services Fee Summary**

TASK	J	Current Limitation				· · · · · · · · · · · · · · · · · · ·		crease (+) crease(-)	J	New Limitation
Additional Services										
2.1.1 Permit Coordination	\$	57,000.00	\$	91,500.00	\$	148,500.00				
2.1.1 Geotechnical Consultant	\$	40,000.00	\$	4,275.00	\$	44,275.00				
2.1.17 Geotechnical Coordination	\$	1,500.00	\$	1,250.00	\$	2,750.00				
2.1.17 Right-of-Way Acquisition	\$	20,000.00	\$	1,100.00	\$	21,100.00				
2.1.3 Owner Design Changes	\$	0.00	\$	30,000.00	\$	30,000.00				
2.1.4 Hydraulic Modeling	\$	0.00	\$	9,800.00	\$	9,800.00				
2.1.9 Field Surveys	\$	50,000.00	\$	16,800.00	\$	66,800.00				
2.2.1 Resident Project Representative	\$	75,000.00	(\$ -	-75,000.00)	\$	0.00				
Reimbursable Expenses	\$	10,000.00	\$	0.00	\$	10,000.00				
Totals	\$	253,500.00	\$	79,725.00	\$	333,225.00				

With this amendment request, TBS is also proposing to provide future Additional Services at the rates in our current 2016 Fee Schedule in place of the fee schedule in our current contract. The scope of work outlined in this Amendment No. 2 is to provide services through 30 percent design revisions to the South Pump Station and Levee System. Additional amendments will be requested upon acceptance of 30 percent design and permit plats for the preparation of 95 percent plans for this design change plus Additional Services needed during the construction phase of the project.

Should you have any questions or require additional information, please do not hesitate to contact me at (985) 223-9231 or email <a href="Kevin.rizzo@tbsmith.com">Kevin.rizzo@tbsmith.com</a>. We appreciate the opportunity to work with TPCG on this very important project.

Sincerely yours,

T. BAKER SMITH, LLC

#### RESOLUTION

A resolution providing approval of Amendment No. 1 to the Engineering Agreement for Parish Project No. 14-DRA-44, Ellendale Levee Rehabilitation Project, Terrebonne Parish, Louisiana.

**WHEREAS**, the Terrebonne Parish Consolidated Government did enter into an original engineering agreement with Providence Engineering and Design, LLC dated December 5, 2014, recordation number 1469264, for the Ellendale Levee Rehabilitation Project, identified as Parish Project 14-DRA-44, and

**WHEREAS**, the Engineering Agreement between OWNER and ENGINEER provides for certain limitations for Basic Services and specific Additional Services, and

WHEREAS the construction of Ellendale Levee Project was awarded, and

**WHEREAS**, the scope of work on the project was modified to include an alternate bid to construct a pond at the Bayou Country Sports Park and utilize the excavated material for construction of the Ellendale Levee, and

WHEREAS, Additional engineering and surveying services are needed for the construction layout of the pond as well as project representation to oversee proper construction of the pond and to endure that the excavated pond material is utilized in the levee construction, and

**WHEREAS**, the above work will increase the basic services section by \$2,800.00 and additional services section by \$22,500.00, and

**NOW, THEREFORE BE IT RESOLVED** that the Terrebonne Parish Council, on behalf of the Terrebonne Parish Consolidated Government, does hereby approve this Amendment No. 1 to the Engineering Agreement for an increase of \$2,800.00 in Basic Services and \$22,500.00 in Additional Services and authorizes Parish President Gordon E. Dove to execute this Amendment No. 1 to the Engineering Agreement for the Ellendale Levee Rehabilitation Project Parish Project No. 14-LEV-44, with Providence Engineering and Design, LLC, and

**BE IT FURTHER RESOLVED** that a certified copy of the resolution be forwarded to the Engineer, Providence Engineering and Design, LLC.

# AMENDMENT NO. 1 TO ENGINEERING AGREEMENT

THIS AMENDMENT NO. 1, hereafter sometimes referred to as "AGREEMENT", made and entered into this \_\_\_\_\_\_ day of \_\_\_\_\_\_\_, 2017;

BY AND BETWEEN:

**TERREBONNE PARISH CONSOLIDATED GOVERNMENT**, (TPCG), a political subdivision of the State of Louisiana, herein represented by its duly authorized President, Gordon E. Dove (hereafter sometimes referred to as "OWNER"), and

**PROVIDENCE ENGINEERING AND DESIGN, LLC**, represented herein by Clay Breaud, duly authorized Company Manager (hereafter sometimes referred to as "ENGINEER"):

is a revision pursuant to 5.1.1 (Basic Services) and 5.1.2 (Additional Services) to the ENGINEERING AGREEMENT dated December 5, 2014, for professional engineering services between the OWNER and ENGINEER.

## **WITNESSED:**

WHEREAS, the Terrebonne Parish Consolidated Government did enter into an original engineering contract dated August 17, 2010, to the entitled Ellendale Levee Rehabilitation **Project**, identified as **Parish Project No. 14-DRA-44**, and

WHEREAS, the Engineering Agreement between OWNER and ENGINEER provides for certain limitations for Basic Services and specific Additional Services, and

WHEREAS, the construction of Ellendale Levee Project was awarded, and

WHEREAS, the scope of work on the project was modified to include an alternate bid to construct a pond at the Bayou Country Sports Park and utilize the excavated material for construction of the Ellendale Levee, and

**WHEREAS,** Additional engineering and surveying services are needed for the construction layout of the pond as well as project representation to oversee proper construction of the pond and to endure that the excavated pond material is utilized in the levee construction, and

**WHEREAS**, the above work will increase the basic services section by \$2,800.00 and additional services section by \$22,500.00, and

NOW THEREFORE, be it understood and agreed by the parties hereto amend the contract as follows:

Amend Section 5, Paragraph 5.1.2.1, to read as follows:

5.1.1 For Basic Services. OWNER shall pay ENGINEER for Basic Services rendered under Section 1 (as amended and supplemented by Exhibit "A", Further Description of Basic Engineering Services and Related Matters) as follows:

# Lump Sum of \$60,500.00 Alternate Bid Coordination - \$2,800.00

Amend Section 5, Paragraph 5.1.2, to read as follows:

- 5.1.2 For Additional Services. OWNER shall pay ENGINEER for Additional Services rendered under Section 2 as follows:
  - 5.1.2.1 General. For Additional Services rendered under Paragraphs 2.1.1 through 2.1.17, inclusive (except services covered by Paragraph 2.1.7 and services as a consultant or witness under 2.1.16), on the basis of Exhibit "D", Current Rate Schedule 2014". At this time, the following additional services are anticipated and the Estimated Costs shown below are recommended for budgetary considerations.

		CURRENT	RECOM.	NEW
<b>CATEGORY</b>	<b>DESCRIPTION</b>	<b>LIMIT</b>	<b>INCREASE</b>	<b>LIMIT</b>
2.1.9	<b>Topographic &amp; Elevation Survey</b>	\$37,000.00	\$5,200.00	\$42,200.00

	-	\$117,000.00	\$5,200.00	\$122,200.00

Amend Section 5, Paragraph 5.1.2.2, to read as follows:

5.1.2.2 Special Consultants. For services and reimbursable expenses incurred for coordination of special consultants employed by ENGINEER pursuant to Paragraph 2.1.1 or 2.1.17, on the basis of Exhibit "D". Services and reimbursable expenses of special consultants will be approved by ENGINEER, but shall be paid directly by OWNER. At this time, the following special consultants are anticipated, and the Limitation of Costs shown below are recommended for budgetary considerations: **Not at this time** 

Amend Section 5, Paragraph 5.1.2.4, to read as follows:

5.1.2.4 Resident Project Services. For resident services during construction furnished under Paragraph 2.2.1, on the basis of Exhibit "D" for services rendered by principals and employees assigned to field offices in connection with resident project representation with a Limitation of Cost of \$45,000.00

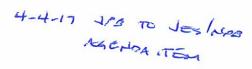

Amend Section 5, Paragraph 5.1.3, to read as follows:

5.1.3 For Reimbursable Expenses. In addition to payments provided for in Paragraphs 5.1.1 and 5.1.2, OWNER shall pay ENGINEER the actual costs of all Reimbursable Expenses incurred in connection with all Basic and Additional Services with a Limitation of Cost: \$10,300.00

Amend Section 5, Paragraph 5.1.5, to read as follows:

5.1.5 The estimated cost of Paragraphs 5.1.2, 5.1.3, and 5.1.4, shall have a combined Limitations of Cost in the amount of \$177,500.00, which shall not be exceeded without the issuance of a formal change order authorized by the Terrebonne Parish Consolidated Government through its duly authorized President.

IN WITNESS WHEREOF, the parties hereto have affixed their legal hands on this of, 2017.

March 24, 2017

Ms. Jeanne Bray, PE **Engineering Department** Terrebonne Parish Consolidated Government P. O. Box 2768 Houma, LA 70361

> Re: Proposed Engineering Amendment Parish Project No. 14-DRA-44

Ellendale Levee Rehabilitation Terrebonne Parish, Louisiana

Dear Ms. Bray:

As you are aware, the scope of work on the subject project was modified to include an alternate bid to construct a pond at the Bayou Country Sports Park and utilize the excavated material for construction of the Ellendale Levee.

Additional engineering and surveying services are needed for construction layout of the pond as well as project representation to oversee proper construction of the pond and to ensure that the excavated pond material is utilized in the levee construction.

We hereby request for your consideration an amendment to increase the engineering fee agreement as follows:

	Basic Services	Increased Amount
5.1.1	Alternate Bid Coordination (lump sum)	\$ 2,800.00
	Additional Services	Increased Amount
2.1.9	Topographic and elevation survey	\$ 5,200.00
5.1.2.4	Resident project representation	\$15,000.00
5.1.3	Reimbursable expenses	\$ 2,300.00
5.1.5	Limitation of cost	\$22,500.00

Should you have any questions or require additional information, please do not hesitate to contact me at the office listed below.

Sincerely,

RE:

Amendment 8 - Approval of Additional Federal Funding Terrebonne Parish - Wind Retrofit Project

HMGP #1786-109-0002, FEMA-1786-DR-LA, Project #84

Dear President Dove:

On behalf of Governor John Bel Edwards, I am pleased to inform you that your request for additional federal funding for the Houma Police Department facility, under the Hazard Mitigation Grant Program (HMGP), was approved by FEMA on February 10, 2017. Federal funds in the amount of \$260,390.00 has been obligated. With the approval of the amendment request, the funding for the above mentioned project is as follows:

Approved federal funding - Houma Police Department:

Item	Current Obligation	Amendment Approval	Total Project Cost
Federal Share	\$366,000.00	\$260,390.00	\$626,390.00
Non - Federal Share	\$122,000.00	\$ 86,796.00	\$208,796.00
Total Project Cost	\$488,000.00	\$347,186.00	\$835,186.00

Total project cost with Houma Police Department approval:

Item	Current Obligation	Amendment Approval	Total Project Cost
Federal Share	\$2,251,827.00	\$260,390.00	\$2,512,217.00
Non - Federal Share	\$ 750,610.00	\$ 86,796.00	\$ 837,406.00
Total Project Cost	\$3,002,437.00	\$347,186.00	\$3,349,623.00

# A Federally Funded Agreement Between the

# Governor's Office of Homeland Security and Emergency Preparedness

### And

#### Terrebonne Parish Consolidated Government

#### 1.1 Introduction

- 1.2 The Federal Emergency Management Agency ("Grantor") has made federal funds available to the State of Louisiana under the Hazard Mitigation Grant Program ("HMGP"). CFDA 97.039.
- 1.3 This Agreement addresses the use of those funds, and is between the Governor's Office of Homeland Security and Emergency Preparedness ("Grantee"), and Terrebonne Parish Consolidated Government ("Sub-Grantee").
- 2.1 Applicable Laws, Regulations and Policies

2.2 Federal

Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, 42 U.S.C. §5121 et seq. 31 U.S.C § 1352

Title 44 Code of Federal Regulations §13 (specifically part 13.36), §14 and §206

OMB Circular A-102 (Standard Form 424B)

OMB Circular 110

2.3 State

Louisiana Homeland Security and Emergency Assistance and Disaster Act, La. R.S. 29:721 et seq.

La. R.S. 33:4773(D)

Louisiana Uniform Construction Code, La. R.S. 40:1721-39

Louisiana Public Bid Law, La. R.S. 38:2211 et seg.

Louisiana Procurement Code, La. R.S. 39:1551 et seq.

Louisiana Hazard Mitigation Strategy (4 volumes)

#### 3.1 Concept of Agreement

- 3.2 In order to complete the Wind Retrofit Project the Grantor has provided funds to Sub-Grantee through Grantee's HMGP. Sub-Grantee shall perform the necessary tasks, meet the required milestones, and stay within the FEMA approved scope of work, and budgetary parameters as outlined in the application for this project. (HMGP #1786-109-0002, FEMA-1786-DR-LA, Project #84)
  - 3.3 The project application is incorporated into this Agreement as if copied in its entirety.
  - 3.4 Additional responsibilities of Grantee, and Sub-Grantee are as follows:
- 3.4.1 All applicable State and Federal laws, regulations and policies shall be adhered to during the execution of this project, and more specifically:
  - 3.4.2 Any changes to the scope of work, or budget shall comply with 44 C.F.R. §13.
- 3.4.3 Sub-Grantee shall comply with the limitations on the use of appropriated funds to influence certain Federal contracting or financial transactions as stated in 31 U.S.C §1352.
  - 3.4.4 Sub-Grantee shall comply with all Assurances for Non-Construction Programs as outlined in Standard Form 424B, and prescribed by OMB Circular A-102.
- 3.4.5 Sub-Grantee shall cooperate at all times with Grantee, and act as the project manager agreeing to be accountable for all funds expended on this project.

3.4.6 Sub-Grantee agrees to meet all program, and administrative requirements as dictated by State and Federal laws, regulations and policies, and any other requirements deemed necessary by Grantee to carry out the intent of this Agreement, even if not specifically stated.

## 4.1 Summary of Statement of Work

- 4.2 Pursuant to HMGP Project #1786-109-0002, FEMA-1786-DR-LA #84, Sub-Grantee shall perform the following tasks:
  - 4.2.1 The object of this mitigation project will be retrofit three (3) public facilities to prevent future losses.

## 5.1 Summary of Budget

5.2 Costs per task:

5.2.1 For tasks 4.2.1	\$3,349,623.00
5.2.2 Total Costs	\$3,349,623.00

5.3 Funding Sources

5.3.1 Federal Share (75%)	\$2,512,218.00	1 pp 191
5.3.2 Non-Federal Share (25%)	\$ 837,405.00	

# 6.1 Liability of Parties

- 6.2 This Agreement is intended for the benefit of Grantor, Grantee and Sub-Grantee, and does not confer any rights upon third parties.
- 6.3 All rights by and between Grantor, Grantee, and Sub-Grantee are limited to the actions outlined in the applicable State and Federal laws, regulations, and policies.
- 6.4 Sub-Grantee hereby agrees to hold Grantee harmless from any actions or claims brought on behalf of any third parties who perform work and/or provide services on this project on behalf of Sub-Grantee.

#### 7.1 Legal Authorization

Sub-Grantee hereby certifies that it has the legal authority to enter into this agreement and that it is authorized to receive the federal funds outlined herein.

#### 8.1 Notice and Contact

- 8.2 All notices provided pursuant to this Agreement shall be in writing, and sent via first class certified mail return receipt requested.
- 8.3 The name and address of Grantee's contract manager for this agreement is:

Casey Tingle
Assistant Deputy Director
Governor's Office of Homeland Security and Emergency Preparedness
1500 Main Street
Baton Rouge, Louisiana 70802

The name and address of the designated agent responsible for the administration of this agreement on behalf of Sub-Grantee is:

Mailing and Overnight Address Honorable Gordon E. Dove Parish President Terrebonne Parish Consolidated Government 8026 Main Street Houma, Louisiana 70360

8.4 If the mailing address of Grantee or Sub-Grantee changes during the term of this agreement, or there is a change in the designated points of contact, the party with the address change, or change of contact shall immediately notify the other party in writing.

On behalf of their respective agencies, Grantee and Sub-Grantee have executed this agreement.

#### RESOLUTION

A resolution authorizing the Parish President to execute any and all documents pertaining to the Hazard Mitigation Grant Program for the Critical Facilities Hardening – Courthouse Annex; HMGP Project Number 1786-109-0004; Terrebonne Parish.

**WHEREAS**, the Terrebonne Parish Consolidated Government (TPCG) is desirous to proceed with the construction of the Critical Facilities Hardening – Courthouse Annex Project, and

**WHEREAS**, the Federal Emergency Management Agency (FEMA) has made federal funds available to the State of Louisiana through the Governor's Office of Homeland Security and Emergency Preparedness (GOHSEP) under the Hazard Mitigation Grant Program (HMGP), and

**WHEREAS**, TPCG submitted an HMGP application for the design and construction of Critical Facilities Hardening – Courthouse Annex Project, and

**WHEREAS**, FEMA approved funding through the HMGP Program to design and construct the Critical Facilities Hardening – Courthouse Annex Project, and

**WHEREAS**, this sub grantee agreement between the GOHSEP and TPCG addresses the use of HMGP funds, and

**WHEREAS**, it is necessary to execute various documents in order to receive funding for the design and construction of the project, and

**NOW, THEREFORE BE IT RESOLVED,** that the Terrebonne Parish Council, on behalf of the Terrebonne Parish Consolidated Government, does hereby authorize the Parish President, Gordon E. Dove, to execute any and all documents pertaining to the HMGP Program for funding assistance for the Critical Facilities Hardening – Courthouse Annex Project, and

RE:

Amendment 7 - Approval of Additional Federal Funding and Budget Revision Terrebonne Parish - Wind Retrofit Project

HMGP #1786-109-0004, FEMA-1786-DR-LA, Project #66

Dear President Dove:

On behalf of Governor John Bel Edwards, I am pleased to inform you that your request for additional federal funding for the Public Safety Building/Courthouse Annex facility, under the Hazard Mitigation Grant Program (HMGP), was approved by FEMA on February 13, 2017. Federal funds in the amount of \$70,000.00 have been obligated. Additionally, FEMA approved your request to withdraw the TPCG Homeland Security facility and transfer the federal funds in the amount of \$1,603.00 to the Public Safety Building. With the approval of this amendment request, the funding for the above mentioned project is as follows:

Approved federal funding - Public Safety Building/Courthouse Annex:

Item	Current Obligation	Amendment Request	Total Project Cost
Federal Share	\$415,421.00	\$71,603.00	\$487,024.00
Non – Federal Share	\$138,474.00	\$23,868.00	\$162,342.00
Total Project Cost	\$553,895.00	\$95,471.00	\$649,366.00

Approved withdrawal and transfer for TPCG Homeland Security facility:

Item	Current Obligation	Transfer Request	Total Project Cost
Federal Share	\$1,603.00	(\$1,603.00)	\$0.00
Non - Federal Share	\$ 535.00	(\$ 535.00)	\$0.00
Total Project Cost	\$2,138.00	(\$2,138.00)	\$0.00

Honorable Gordon E. Dove Page 2 March 13, 2017

Total project cost with Public Safety Building/Courthouse Annex approval:

Item	Current Obligation	Amendment Request	Total Project Cost
Federal Share	\$2,161,401.00	\$70,000.00	\$2,231,401.00
Non – Federal Share	\$ 720,467.00	\$23,333.00	\$ 743,800.00
Total Project Cost	\$2,881,868.00	\$93,333.00	\$2,975,201.00

If you have any questions, please contact your assigned State Applicant Liaison (SAL), Tiffany Doucet, at 225-376-5104 or at tiffany.doucet@la.gov.

RE: FEMA-1786-DR-LA, Project # 66
Terrebonne Parish Wind Retrofit Amendment #7

Dear Mr. Giering:

This is in response to your correspondence dated November 18, 2016 requesting additional federal funding in the amount of \$70,000.00, due to an increase in engineering and construction costs for Terrebonne Parish Wind Retrofit Project. The project was approved and funded through the Hazard Mitigation Grant Program (HMGP) under FEMA-1786-DR-LA. This request has been approved and the adjustments have been made.

The following reports are enclosed for your use in the distribution of project and administrative funds:

Obligation Report Funding Estimate Financial Activity Report

If you have any questions regarding the information, please contact Michael Ku, HMA Mitigation Specialist, at (940) 297-0211 or at Michael.ku@fema.dhs.gov.

Sincerely,

For H. Camille Crain

## A Federally Funded Agreement

#### Between the

#### Governor's Office of Homeland Security and Emergency Preparedness

#### And

#### Terrebonne Parish Consolidated Government

#### 1.1 Introduction

- 1.2 The Federal Emergency Management Agency ("Grantor") has made federal funds available to the State of Louisiana under the Hazard Mitigation Grant Program ("HMGP"). CFDA 97.039.
- 1.3 This Agreement addresses the use of those funds, and is between the Governor's Office of Homeland Security and Emergency Preparedness ("Grantee"), and Terrebonne Parish Consolidated Government ("Sub-Grantee").
- 2.1 Applicable Laws, Regulations and Policies

2.2 Federal

Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, 42 U.S.C. §5121 et seq. 31 U.S.C § 1352

Title 44 Code of Federal Regulations §13 (specifically part 13.36), §14 and §206

OMB Circular A-102 (Standard Form 424B)

OMB Circular 110

2.3 State

Louisiana Homeland Security and Emergency Assistance and Disaster Act, La. R.S. 29:721 et seq.

La. R.S. 33:4773(D)

Louisiana Uniform Construction Code, La. R.S. 40:1721-39

Louisiana Public Bid Law, La. R.S. 38:2211 et seq.

Louisiana Procurement Code, La. R.S. 39:1551 et seg.

Louisiana Hazard Mitigation Strategy (4 volumes)

#### 3.1 Concept of Agreement

- 3.2 In order to complete the Wind Retrofit Project the Grantor has provided funds to Sub-Grantee through Grantee's HMGP. Sub-Grantee shall perform the necessary tasks, meet the required milestones, and stay within the FEMA approved scope of work, and budgetary parameters as outlined in the application for this project. (HMGP #1786-109-0004, FEMA-1786-DR-LA, Project #66)
  - 3.3 The project application is incorporated into this Agreement as if copied in its entirety.
  - 3.4 Additional responsibilities of Grantee, and Sub-Grantee are as follows:
- 3.4.1 All applicable State and Federal laws, regulations and policies shall be adhered to during the execution of this project, and more specifically:
  - 3.4.2 Any changes to the scope of work, or budget shall comply with 44 C.F.R. §13.
- 3.4.3 Sub-Grantee shall comply with the limitations on the use of appropriated funds to influence certain Federal contracting or financial transactions as stated in 31 U.S.C §1352.
  - 3.4.4 Sub-Grantee shall comply with all Assurances for Non-Construction Programs as outlined in Standard Form 424B, and prescribed by OMB Circular A-102.
- 3.4.5 Sub-Grantee shall cooperate at all times with Grantee, and act as the project manager agreeing to be accountable for all funds expended on this project.

3.4.6 Sub-Grantee agrees to meet all program, and administrative requirements as dictated by State and Federal laws, regulations and policies, and any other requirements deemed necessary by Grantee to carry out the intent of this Agreement, even if not specifically stated.

#### 4.1 Summary of Statement of Work

- 4.2 Pursuant to HMGP Project #1786-109-0004, FEMA-1786-DR-LA #66, Sub-Grantee shall perform the following tasks:
  - 4.2.1 The object of this mitigation project will be retrofit four (4) public facilities to prevent future losses.

#### 5.1 Summary of Budget

5.2 Costs per task:

5.2.1 For tasks 4.2.1	\$2,975,201.00
5.2.2 Total Costs	\$2,975,201.00

5.3 Funding Sources

5.3.1 Federal Share (75%)	\$2,231,401.00
5.3.2 Non-Federal Share (25%)	\$ 743,800.00

#### 6.1 Liability of Parties

6.2 This Agreement is intended for the benefit of Grantor, Grantee and Sub-Grantee, and does not confer any rights upon third parties.

6.3 All rights by and between Grantor, Grantee, and Sub-Grantee are limited to the actions outlined in the applicable State and Federal laws, regulations, and policies.

6.4 Sub-Grantee hereby agrees to hold Grantee harmless from any actions or claims brought on behalf of any third parties who perform work and/or provide services on this project on behalf of Sub-Grantee.

#### 7.1 Legal Authorization

Sub-Grantee hereby certifies that it has the legal authority to enter into this agreement and that it is authorized to receive the federal funds outlined herein.

#### 8.1 Notice and Contact

- 8.2 All notices provided pursuant to this Agreement shall be in writing, and sent via first class certified mail return receipt requested.
- 8.3 The name and address of Grantee's contract manager for this agreement is:

Casey Tingle
Assistant Deputy Director
Governor's Office of Homeland Security and Emergency Preparedness
1500 Main Street
Baton Rouge, Louisiana 70802

The name and address of the designated agent responsible for the administration of this agreement on behalf of Sub-Grantee is:

Mailing and Overnight Address Honorable Gordon E. Dove Parish President Terrebonne Parish Consolidated Government 8026 Main Street Houma, Louisiana 70360

8.4 If the mailing address of Grantee or Sub-Grantee changes during the term of this agreement, or there is a change in the designated points of contact, the party with the address change, or change of contact shall immediately notify the other party in writing.

On behalf of their respective agencies, Grantee and Sub-Grantee have executed this agreement.

#### **CONTRACT**

THIS AGREEMENT is made and entered into as of this \_\_\_\_ day of \_\_\_\_\_\_, 2017 ("Effective Date"), between Three Ridge Farms, LLC (hereinafter sometimes referred to as "Three Ridge") and Terrebonne Parish Consolidated Government (hereinafter sometimes referred to as "TPCG"). Subject to all of the terms and conditions hereof, Three Ridge shall render mitigation banking services to TPCG as set forth in this Agreement. The Specifications, Exhibit "A", are attached hereto and incorporated herein by reference. The Upper Bayou Folse Mitigation Bank is an approved mitigation bank in accordance with federal and state guidelines. The project defined in this Agreement is not a continuation of any agreement, contract or services rendered by TPCG on behalf of Three Ridge. The project location is the Upper Bayou Folse Mitigation Bank in Lafourche Parish, Louisiana as described on Exhibit "B", attached hereto and made a part hereof.

The address of TPCG is:

Terrebonne Parish Consolidated Government

c/o Gordon Dove

Terrebonne Parish President

Post Office Box 2768 Houma, LA 70361

The address of Three Ridge is:

Three Ridge Farms, LLC c/o Maxine Dufrene

200 Matherne Drive

Des Allemands, LA 70030

The stated addresses of the parties shall be used for any notices to be provided under this agreement until one party provides the other party with written notice of a change of address.

**FOR AND IN CONSIDERATION** of the covenants and conditions herein contained, the receipt and sufficiency of which is hereby acknowledged by and between the parties hereto, Three Ridge and TPCG agree as follows:

#### 1. PAYMENTS

Three Ridge will be compensated by TPCG for the services to be performed in accordance with the terms and conditions of this Agreement as follows:

- A. For the wetland mitigation services provided in the Specifications, TPCG shall pay Three Ridge for One and Six-tenths (1.6) acre of bottomland hardwood mitigation located within the Upper Bayou Folse Mitigation Bank, the total nonrefundable sum of Ninety Six Thousand and No/100 Dollars (\$96,000.00).
- B. Concurrently with the signature of this Agreement by TPCG, TPCG shall pay to Three Ridge the nonrefundable payment specified in Paragraph 1.A. by wire transfer, certified check or other secured funds. The payment of the funds

specified in Paragraph 1.A. shall be TPCG's only obligation under this Agreement.

#### 2. THREE RIDGE'S SERVICES

Three Ridge owns and operates the Upper Bayou Folse Mitigation Bank and is prepared to and upon receipt of the payment specified in Paragraph 1.A. shall immediately commence to render all services and shall satisfy all of the terms and conditions specified in the Specifications. Three Ridge's obligations under this Agreement shall be performed within the time set forth in the Specifications or the time constraints contained within the Louisiana Department of Natural Resources Coastal Use Permit No. P20160519 and U.S. Army Corps of Engineers Permit No. MVN-2016-00016-CD.

#### 3. WARRANTEE

Three Ridge does hereby warrant that it has record title to the Upper Bayou Folse Mitigation Bank and that it has all rights to perform the obligations undertaken by Three Ridge in this Agreement. The parties hereto warrant to each other that they have the right to enter into this Agreement.

#### 4. GOVERNMENTAL COMPLIANCE AND NOTICES

In performing its obligations under this Agreement, Three Ridge agrees to comply with all laws and regulations of any federal, state or local governmental authority having jurisdiction. Three Ridge shall timely file all necessary reports required by the U.S. Army Corps of Engineers.

#### 5. **JURISDICTION**

This Agreement shall be governed and construed for all purposes under and in accordance with laws of the State of Louisiana.

#### 6. MUTUAL NEGOTIATIONS

This Agreement was confected by mutual negotiations between Three Ridge and TPCG and any ambiguity which may be contained herein shall not be construed in favor of one party or against another.

#### 7. SUCCESSORS AND ASSIGNS

This Agreement shall be binding on the parties hereto, and their successors, assigns, lessees and sublessees.

#### 8. SAVINGS AND SEVERABILITY

If any portion of this Agreement or if the application of this Agreement to any person or circumstance shall to any extent be declared invalid by a court of competent jurisdiction, then the remainder of this Agreement and the application of such provisions to persons or circumstances other than those held to be invalid shall not be affected thereby. Moreover, each provision of this Agreement shall be valid and enforced to the fullest extent permitted by applicable law.

IN WITNESS WHEREOF the parties hereto have executed the agreement the day and year above written.

#### **SPECIFICATIONS**

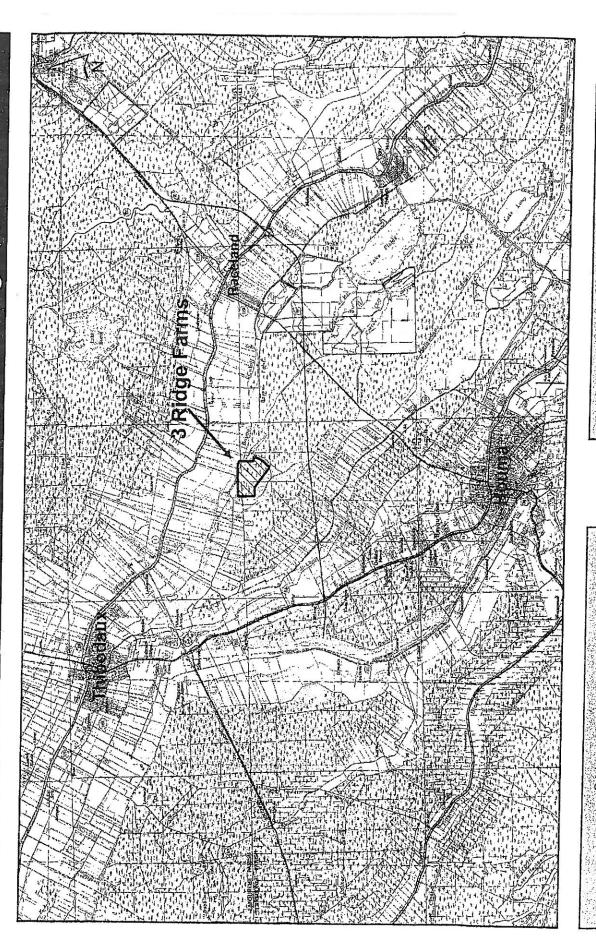

Three Ridge Farms, LLC (hereinafter sometimes referred to as "Three Ridge"), the operator of the Upper Bayou Folse Mitigation Bank located in Lafourche Parish, Louisiana, on behalf of Terrebonne Parish Consolidated Government, shall perform the following wetland mitigation in fulfillment of the Louisiana Department of Natural Resources Coastal Use Permit No. P20160519, attached hereto as Exhibit "C" and made a part hereof, and U.S. Army Corps of Engineers Permit No. MVN-2016-00016-CD, attached hereto as Exhibit "D" and made a part hereof, and shall restore One and Six-tenths (1.6) acre of a former bottomland hardwood forest as follows:

- 1. Planting will be conducted during the non-growing season which is defined as December 15<sup>th</sup> through March 15<sup>th</sup>.
- 2. Forested wetland rehabilitation will be conducted in accordance with the approved Mitigation Banking Instrument.
- 3. If any portion of the site is destroyed or adversely impacted by activities and/or occurrences, other than by Acts of God, the U.S. Army Corps of Engineers shall be so advised in writing by Three Ridge and restoration shall be made by Three Ridge to the affected area or equal mitigation shall be implemented by Three Ridge, all as approved by the U.S. Army Corps of Engineers and the Louisiana Department of Natural Resources.
- 4. Three Ridge has or shall immediately record a conservation servitude to ensure that, in the event that the property is sold, the new owner of the mitigation area will be aware of limitations pertaining to activities within the mitigation site. The conservation servitude will be filed in the conveyance records of Lafourche Parish, Louisiana.

#### **RESOLUTION NO. 17-**

A resolution authorizing the purchase of mitigation credits from the Three Ridge Farms, LLC and Terrebonne Parish Consolidated Government to mitigate a total of 1.6 acres of bottomland hardwoods for the Six Foot Ditch Levee Improvements Project identified as Project No. 15-LEV-27; and authorizing the purchasing of credits and acres of marsh for these services.

**WHEREAS**, the Terrebonne Parish Consolidated Government is desirous of making improvements to the Six Foot Ditch Levee, and

**WHEREAS**, because of unavoidable impacts of wetlands due to the construction of the Six Foot Ditch Improvements Project, the USACE requires a purchase of 1.6 acre credits from Three Ridge Farms, LLC for fresh/intermediate marsh impact, and

**WHEREAS**, TPCG is required to mitigate approximately 1.6 acres of bottomland hardwood from Upper Bayou Folse Mitigation Bank, and

WHEREAS, the credits and acres of marsh must be purchased before a permit can be issued to start work, and

**WHEREAS**, the Terrebonne Parish Consolidated Government agrees to pay \$96,000.00 to Three Ridge Farms, LLC for 1.6 acres of bottomland hardwoods, and

**NOW, THEREFORE BE IT RESOLVED** that the Terrebonne Parish Council, on behalf of the Terrebonne Parish Consolidated Government, does hereby authorize the execution of said contract in the amount of \$96,000.00 to Three Ridge Farms, LLC, and any and all paperwork necessary for mitigation for the Six Foot Ditch Levee Improvements Project, Parish Project No. 15-LEV-27; by Terrebonne Parish President Gordon E. Dove.

RESOLUTION NO
A resolution informing the Louisiana Department of Environmental Quality that the Terrebonne Parish Council, on behalf of the Terrebonne Parish Consolidated Government, reviewed the MWPP Environmental Audit Report and set forth the following actions necessary to maintain compliance with requirement contained in the LPDES permit.
LPDES PERMIT NO. LA0040207 – NORTH WWTP
a. Continue efforts to ensure that the treatment of plant effluent is in compliance with permit limits.
b. Continue efforts to locate and correct sources of inflow and infiltration.
c Continue efforts to comply with requirements and investigate methods for

- is in compliance with
- filtration.
- Continue efforts to comply with requirements and investigate methods for beneficial use of bio-solids.
- d. Continue efforts to reduce and/or eliminate sources of overflow, bypass, or unpermitted discharge.
- e. Continue to monitor system users for non-compliance with Sewer Use Ordinance and initiate enforcement action, when required.

NOW, THEREFORE BE IT RESOLVED, by the Terrebonne Parish Council (Public Services Committee), on behalf of the Terrebonne Parish Consolidated Government, hereby informs the Louisiana Department of Environmental Quality that it has reviewed the Municipal Water Pollution Prevention Audit Report which is attached to this resolution and set forth actions necessary to maintain compliance with requirements of the LPDES permit.

### **MWPP**

Facility Name:	North Terrebonne Wastewater Treatment Plant
LPDES Permit Number:	LA0040207
Agency Interest (AI) Number:	19176
Address:	Post Office Box 2768 Houma, LA 70361
	Physical Address: 2000 St. Louis Canal Road Houma, LA 70364
Parish:	Terrebonne
(Person Completing Form) Name:	Dwayne Deroche
Title:	Treatment Superintendent
Date Completed:	11-1-2016

## **INSTRUCTIONS**

- 1 Complete only the sections of the Environmental Audit which apply to your wastewater treatment system. Leave sections that do not apply blank and enter a "0" for the point value.
- Part 1 through 7 contain questions for which points may be generated. These points are intended to communicate to the department and the governing body or owner what actions will be necessary to prevent effluent violations. Place the point totals from parts 1 through 7 on the Point Calculation page.
- 3 Add up the points totals.
- 4 Submit the Environmental Audit to the governing body or owner for review and approval
- 5 The governing body must pass a resolution which contains the following items:
  - a. The resolution or letter must acknowledge the governing body or owner has reviewed the Environmental Audit.
  - b. This resolution must indicate <u>specific</u> actions, if any, will be taken to maintain compliance and prevent effluent violations. Proposed actions should address the parts where maximum or close maximum points were generated in the Environmental Audit.
  - c. The resolution should provide any other information the governing body deems appropriate.

### PART 1: INFLUENT FLOW/LOADINGS (North Treatment Plant)

A. List the average monthly volumetric flows and BOD loadings received at your facility during the last reporting year.

Column 1 Average Monthly Flow (million gallons per day, MGD)		Column 2 Average Monthly BOD 5 Concentration (mg/1)		Column 3 Average Monthly BOD <sub>5</sub> Loading (pounds per day, lb/day)
15-Nov 9.334	×	33.8	x 8.34 =	2631
15-Dec 6.795	×	49.4	x 8.34 =	2800
16-Jan 9.208	×	33.8	x 8.34 =	2596
16-Feb 6.022	×	71.0	x 8.34 =	3566
16-Mar 8.516	×	50.4	x 8.34 =	3580
12-Apr 7.828	x	47.0	x 8.34 =	3068
16-May 8.453	×	42.1	x 8.34 =	2968
16-Jun 8.31	×	45.1	x 8.34 =	3126
16-Jul 7.575	×	49.0	x 8.34 =	3096
16-Aug 12.095	×	27.2	x 8.34 =	2744
16-Sep 8.524	×	44.7	x 8.34 =	3178
16-Oct 5.008	×	79.2	x 8.34 =	3308

BOD loading = Average Monthly Flow (in MGD) x Average Monthly BOD concentration (in mg/1) x 8.34

B. List the design flow and design BOD loading for your facility in the blanks below. If you are not aware of these design quantities, refer to your Operation and Maintenance (O & M) Manual or contact your consulting engineer.

Design Flow, MGD:	16	x 0.90 =	14.4
Design BOD, lb/day:	26,688	x 0.90 =	24,019

C. How many months did the monthly flow (Column 1) to the wastewater treatment facility (WWTF) exceed 90% of design flow? Circle the number of months and the corresponding point total. Write the point total in the box below at the right.

months 0 1 2 3 4 5 6 7 8 9 10 11 12 points 0 0 0 0 5 5 5 5 5 5 5 5

Write 0 or 5 in the C point total box C Point Total

### PART 7: OPERATOR CERTIFICATION AND EDUCATION

A.	What was the name of the operator-in-charge for the reporting year?
	Name: Dwayne Deroche
<b>B</b> .	What is his or her certification number?
	Cert. #: 12-423
C.,	What level of certification is the operator-in-charge required to have to operate the wastewater treatment facility?
	Level Required: WWT - IV
D.	What is the level of certification of the operator-in-charge?
	Level Certified: WWT - IV
E.	Was the operator-in-charge of the report year certified at least at the grade level required in order to operate this plant?
	√ Check one box $$ Yes = 0 points $$ No = 50 points
	Write 0 or 50 in the E point total box E Point Total
F.	Has the operator-in-charge maintained recertification requirements during the reporting year?
	√ Check one box
G.	How many hours of continuing education has the operator-in-charge completed over the last two calendar years?
	Check one box $$ >12 hours = 0 points $$ <12 hours = 50 points
	Write 0 or 50 in the G point total box G Point Total
H.	Is there a written policy regarding continuing education an training for wastewater treatment plant employees?
	√ Check one box ✓ Yes No
	Explain: Continuing education is conducted based on State Certification Guidelines (LDHH-OPH) and
	administered by State approved Instructor.
	administrated by state approved metractors
I.	What percentage of the continuing education expenses of the operator-in-charge were paid for:
	By the permittee? By the operator:0-
J.	Add together the E and G point values and place the sum in the box below at the right,
	TOTAL POINT VALUE FOR PART 7: (max = 100)
	Also enter this value or 100, whichever is less, on the point calculation table on page 16.

Permit #	LA0040207

### **PART 8: FINANCIAL STATUS**

		If No, How are O & M costs financed?
As per the 0 Charges will also ind neans of the "Moving Av	Ordinance, these rates were clude a monthly Energy Adju verage Method" using cost o	O, by Ordinance No. 7822 (copy attached). e adjusted annually, through 2014. ustment Charge calculated each month by of all electrical energy consumed during a three the total water sales during the same period.

**B.** What financial resources do you have available to pay for your wastewater improvements and reconstruction needs?

Renewal/Replacement Fund -- Derived from surplus revenues and retained earings.

The Parish is currently completing thefinal lift station renovation and North Treatment Plant improvements funded by CWSRF Loan from LDEQ.

The Parish was also awarded an \$8.5 Million CWSRF Loan, which is on-going, to renovate two (2) Major Holding Basins.

Parmit #	LA0040207
Permit #	LA0040201

### **PART 9: SUBJECTIVE EVALUATION**

- A. Collection System Maintenance
- i. Describe what sewer system maintenance work has been done in the last year.

Jet washing & vacuum debris removal, smoke & dye testing and internal video inspection of manholes, gravity mains and service laterals with repair, slip lining installatin or replacement as needed.

Force main repair, replacement & relocation. Blockage removal from gravity mains & service laterals.

Cut grass & maintain servitude areas.

ii. Describe what lift station work has been done in the last year.

Continuous monitoring w/telemetry of 95% of total lift stations. Pump maintenance, repair, rebuilding, replacement & upgrade. Grounds maintenance, valve exercising, building maintenance, alternating pump, control installations, etc.

On-going renovations to lift stations.

**III.** What collection system improvements does the community have under construction for the next 5 years?

Manhole & pump station rehabilitation. On-going program to address Infiltration/Inflow to include testing and remediation. Expansion of sewers in unsewered areas. Major pump station and force main in vicinity of Martin Luther King Boulevard and Gray Community.

Renovations to Oakshire and Southdown #2 Holding Basins as part of the CWSRF Loan.

B. If you have ponds please answer the following questions: √ Check one box i. Do you have duckweed buildup in the ponds? Yes ii. Do you mow the dikes regularly (at least monthly), Yes to the waters edge? iii. Do you have bushes or trees growing on the dikes or in the ponds? Yes No iv. Do you have excess sludge buildup (> 1 foot) on the bottom of any of your ponds? Yes No Do you exercise all of your valves? Yes No V. No vi. Are your control manholes in good structural shape? Yes Do you maintain at least 3 feet of freeboard in all of vii. Yes your ponds? viii. Do you visit your pond system at least weekly? Yes No

	Permit #: LA0040207
	Treatment Plants
	Have the influent and effluent flow meters been calibrated in the last year?
	Yes No (√ Check one box.)
	3/18/2016  Influent flow meter calibration date(s)  3/18/2016  Effluent flow meter calibration date(s)
*11	What problems, if any, have been experienced over the last year the have threatened treatment?
	None
	Is your community presently involved in formal planning for treatment facility upgrade?
	√ Check one box
	New Generator Switch Gear New Electrical Wiring
	New Primary Settling Tank Drive Equipment

	Pe	rmit#:	LA0040207
Preventive Maintenance		11	
Does your plant have a	written plan for preventive	maintenand	e on major equipment items?
√ Check one box	Yes	No	If Yes, Please describe:
	·		P); Technical Instruction/Information (TI) with manufacturer's recommendation.
·	nance tasks necessary fo	r each piece	of intervals, types of lubrication and of equipment?
	√Yes	] No

### Sec. 23-25. Maintenance of rear property sewer service lines.

Existing rear property sewer service lines, which do not travel in street rights-of-way, must be maintained by the property owner at no cost to the council. The parish shall maintain just the sewer mains in areas with rear sewer services.

(Parish Code 1979, § 19-251)

State law reference—Budget for maintenance and repair of sewers in sewerage districts, R.S. 33:3889.

### Sec. 23-26. Inspection of sewers and drains.

- (a) The inspection of new construction shall be as follows:
- (1) First, the building drains shall be inspected for compliance with this article and the sanitary code.
- (2) Second, the building sewer and connection to the public sewer shall be inspected for compliance with this article and the sanitary code.
- (3) Third, the vent system shall be inspected prior to being concealed.
- (4) Final, the final inspection shall be made when all plumbing fixtures are installed.
- (b) An existing building with existing plumbing shall be checked for compliance with this article and the sanitary code prior to connection of the building sewer to the sewer main. The plumber or owner shall leave the building sewer uncovered until official notice is given to cover the building sewer. During the inspection, access inside the building shall be available to the parish government.

(Parish Code 1979, § 19-225)

State law reference-Inspections of plumbing work, R.S. 37:1372.

### Sec. 23-27. Use of public sewers.

- (a) Unpolluted water-Where prohibited. It is unlawful for any person to discharge or cause to be discharged any stormwater, surface water, or unpolluted industrial process water to any sanitary sewer.
- (b) Same—Where discharged. Stormwater and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers, or to a natural outlet approved by the parish government. Industrial cooling water or unpolluted process water may be discharged, upon approval of the parish government, to a storm sewer or natural outlet, with the approval of the state department of natural resources, office of environmental affairs, or other agencies of competent jurisdiction.
- (c) Prohibited discharges—Described. No person shall discharge or cause to be discharged objectionable items or any of the following described waters or wastes to any public sewers:
  - (1) Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid or gas.

- (2) Any wastes or waters containing toxic or poisonous solids by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or cause any hazard in the receiving water of the sewage treatment plant, including but not limited to cyanides in excess 1.0 mg/l as CN in the wastes as discharged to the public sewer.
- (3) Any waters or wastes having a pH lower than five (5.0) or higher than nine (9.0), or having other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works.
- (4) Solid or viscous substances in quantities or of size capable of causing obstruction to the flow in the sewer, or other interference with the proper operation of the sewage works such as but not limited to ashes, cinder, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair, fleshings and entrails ground by garbage grinders.
- (5) Any liquid or vapor having a temperature higher than one hundred twenty-five (125) degrees Fahrenheit (fifty-two (52) degrees Celsius).
- (6) Any waters or wastes containing fats, waste, grease, or oils, whether emulsified or not, in excess of fifty (50) mg/l or containing substances which may solidify or become viscous at temperatures between thirty-two (32) and one hundred twenty-five (125) degrees Fahrenheit (zero to fifty-two (52) degrees Celsius).
- (7) Any garbage that has not been properly shredded.
- (8) Any waters or wastes containing strong acid, iron, pickling wastes, or concentrated plating solutions if not neutralized.
- (9) Any waters or wastes containing iron, chromium, copper, zinc, and similar objectionable or toxic substances, or wastes exerting an excessive chlorine requirement, to such degree that such material received in the composite sewage at the sewage treatment works exceeds the limits established by the parish government for such materials.
- (10) Any waters or wastes containing phenols or other waste- or odor-producing substances, in such concentrations exceeding limits which may be established by the parish government as necessary, after treatment of the composite sewage, to meet the requirements of the health department or the Environmental Protection Agency.
- (11) Any radioactive wastes or isotopes.
- (12) Materials which exert or cause:
  - a. Unusual concentrations or inert suspended solids (such as, but not limited to, fuller's earth, lime slurries and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate).
  - b. Excessive discoloration (such as, but not limited to, dye wastes and vegetable tanning solutions).

- c. Unusual biochemical oxygen demand, chemical oxygen demand, or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.
- d. Unusual volume of flow concentration or wastes constituting "slugs" as defined in this article.
- (13) Waters or wastes containing substances which are not amenable to treatment or reduction by the treatment process, or are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of the health department, or the environmental protection agency.
- (14) Discharge of objectionable items in excess of the quantities listed as follows and discharge of prohibited material are prohibited:
  - a. Objectionable items shall include, but not be limited to, waters or wastes containing any of the following concentrations in excess of the quantities shown:

Copper		1 mg/l
Lead		0.1  mg/l
Boron		1.0  mg/l
Arsenic		0.05  mg/l
Chromium		2.0  mg/l
Tin		1.0  mg/l
Barium		5.0  mg/l
Manganese		1.0  mg/l
Nickel	127	1.0 mg/l
Zinc		5.0  mg/l

b. Prohibited heavy metal and toxic material shall include but not be limited to the following materials:

Antimony		Strontium
Beryllium		Tellurium
Bismuth		Herbicides
Cobalt		Fungicides
Molybdenum	3.	Pesticides
Rhenium		Uranyllion

c. Maximum limits for discharge of heavy metals shall include but not be limited to the following materials:

Cadmium		0.02  mg/l
Mercury		0.005  mg/l
Selenium	8	0.02  mg/l
Silver	1000	0.1  mg/l

- (d) Same—Power of parish. In the event of discharge of prohibited material as listed above or discharge to the public sewers, which waters contain the substances or possess the characteristics enumerated in subsection (c), and which in the judgment of the parish government may have a deleterious effect upon the sewerage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life, or constitute a public nuisance, the parish government may, subject to the limitations of paragraph (c)(14):
  - (1) Reject the waste;
  - (2) Require pretreatment to an acceptable condition for discharge to the public sewers;
  - (3) Require control over the quantities and rates of discharge; and/or
  - (4) Require payment to cover the added cost of handling and treatment of the wastes not covered by existing taxes and user charges under the provisions of this article.

If the parish government permits the pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to this review and approval and to the requirements of all applicable codes, ordinances and laws. The owner shall obtain an industrial waste permit.

- (e) Interceptors—Required. Grease, oil and sand interceptors shall be provided when in the opinion of the parish government they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand and other harmful ingredients; except that such interceptors may not be required for private single-family dwellings. All interceptors shall be of a type and capacity approved by the parish government and shall be located so as to be readily and easily accessible for cleaning and inspection. Grease and oil interceptors shall be constructed of impervious material capable of withstanding abrupt and extreme changes in temperature. They shall be of substantial construction, properly vented, watertight and equipped with easily removable covers which when bolted in place shall be watertight and gastight.
- (f) Same-Maintenance. All grease, oil and sand interceptors shall be maintained by the owner, at his expense, in continuously efficient operation at all times.
- (g) Treatment facilities for sewage. Where preliminary treatment or flow-equalizing facilities are provided for any waters or wastes, these facilities shall be maintained continuously in satisfactory and effective operation by the owner at his expense. Should such pretreatment or equalizing facilities fail, the owner shall immediately notify the parish government of the failure.
- (h) Control manhole. When required by the parish government, the owner of any property serviced by a building sewer carrying industrial waste shall install a suitable control manhole or other acceptable facility, together with such necessary meter, sampling equipment, and other appurtenances in the building sewer to facilitate observation, sampling and measurement of the wastes. Such manhole or facility and equipment shall be accessible and safely located, and shall be constructed in accordance with plans approved by the parish government. The manhole or facility shall be installed by the owner at his expense and shall be maintained

by him so as to be safe and accessible at all times. The parish government shall have a right of access to the control manhole of the facility at all times. The control manhole shall have the capability to stop all flows of wastes into the public sewer system.

- (i) Tests. All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this article shall be determined in accordance with the latest edition of Standard Methods and shall be determined at the control manhole provided, or upon suitable samples taken at the control manhole or facility. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the existence of hazards to life, limb and property. The particular analysis involved shall determine whether a grab sample or samples should be taken. Normally, B.O.D. and suspended solids and analysis are obtained from twenty-four-hour composites whereas pH's are determined from periodic grab samples. The parish government shall determine the frequency and the specific tests required.
- (j) When pretreatment required. Pretreatment is required prior to the discharge into the public sewers of any waters or wastes having any or all of the following characteristics:
  - (1) A five-day biochemical oxygen demand greater than two hundred (200) parts per million (1,000,000) by weight;
  - (2) More than two hundred (200) parts per million (1,000,000) by weight of suspended solids:
  - (3) Any quantity of substances having the characteristics described in subsection (c); or
  - (4) An average daily flow greater than two-tenths percent of the average daily sewage flow of the parish government.
- (k) Result of pretreatment. Any person desiring to discharge any of the water or waste described herein into the public sewers shall provide at his own expense such preliminary treatment as may be necessary to:
  - (1) Reduce the biochemical oxygen demand to less than two hundred (200) parts per million (1,000,000) and the suspended solids to less than two hundred (200) parts per million (1,000,000) by weight;
  - (2) Reduce the objectionable characteristics or constituents to within the maximum limits provided for in subsection (c); or
  - (3) Control the quantities and rates of discharge of such waters or wastes.

Plans and specifications or other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the parish government and the health department and no construction of such facilities shall be commenced until such approvals are obtained by official notice.

- (l) Permit application. Within three (3) months after the passage of Ordinance No. 2363, all users of the sewage system who discharge industrial wastes into the public sewers shall file with the parish government an industrial waste permit application which shall furnish pertinent data, inclusive of quantity flow, and an analysis of the water discharged into the sewage works. Similarly, any persons desiring to make a new connection to the sewage works for the purposes of discharging industrial wastes into public sewage shall fill in and file with the parish government an industrial waste permit application which shall furnish pertinent data inclusive of quantity flow and an analysis of the industrial waste to be discharged into the sewage works. The data furnished shall be subject to the review of the state department of health and hospitals, office of public health. An industrial waste permit shall be required.
- (m) Special agreements. No statement contained in this section shall be construed as preventing any special agreement or arrangement between the parish government and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the parish government subject to payment therefore by the industrial concern. Section 23-30 provides the basic method and rate structure for computation of industrial waste service charge.
- (n) New connections. New connections shall be properly designed and constructed in such a manner that sources of inflow will be prevented from entering the sewer system.
- (o) Approval by state. Any significant proposed industrial waste discharged into the parish government public sewer shall be reported to and approved by the state department of health and hospitals, office of public health.
- (p) Dilution of discharge. No user shall in any way dilute a discharge as a partial or complete substitute for adequate treatment or pretreatment to achieve compliance with the limitations contained in this section.
- (q) Accidental discharges. Each user shall provide safeguards against accidental discharges of prohibited materials or other substances regulated by this article. Should an accidental discharge occur, the user shall immediately notify the parish government of the location, nature and volume of the discharge. The user shall be liable for all damages caused by any accidental discharge, including fines, civil penalties, or other liability which may be imposed by this article or other applicable laws. (Parish Code 1979, § 19-226)

State law reference-Louisiana Environmental Quality Act, R.S. 30:1051 et seq.

### Sec. 23-28. Damages and remedies.

- (a) Any person, whether acting singularly or in concert with others, who causes damage to the person or property of others or to any public property by reason of any violation of this article, shall be liable for the damage so caused.
- (b) The parish government shall have the authority to post a notice at the principal entrances of any premises where a violation of this article is found, which notice shall set forth the nature of the violations and the sanitary facilities affected thereby and provide a reason-
