PROJECT TITLE

Resolution adopting the process proposed for the Hazard Mitigation Plan Update and the Steering Committee that will be convened for that purpose.

PROJECT SUMMARY (200 WORDS OR LESS)

Resolution authorizing the Steering Committee to implement the update plan for the Terrebonne Parish Hazard Mitigation Plan.

PROJECT PURPOSE & BENEFITS (150 WORDS OR LESS)

The purpose of this Resolution is to show that the Council has reviewed and approved of the proposed process to update the plan and the steering committee members expected to participate in the plan update development. The Hazard Mitigation Plan must be updated every five (5) years and approved by FEMA in order to receive FEMA grant funding. The grant that the Parish has for consultants to assist with this planning process will expire in March 2023, and having the plan updated one year after the major storm will provide a tool to readjust our priorities from the 2020 plan and extend the need for another plan update to 2028. Other entities also require each application for funding to include a project that was foreseen in such a planning process. The full participation of the Parish and community stakeholders also provides a substantial credit toward the Community Ratings System which provides discounts to the Parish residents and businesses on flood insurance.

EXECUTIVE SUMMARY

PROJECT TITLE

Introduce and Ordinance to Establish and define the Terrebonne Parish Visible Precinct Boundaries; and to call a public hearing on May 11, 2022 at 6:30 pm

PROJECT SUMMARY (200 WORDS OR LESS)

As specified in Louisiana Revised Statutes 33:1411 the Terrebonne Parish Council is required to examine and if necessary redraw the boundaries of the voting districts every ten years in accordance with the decennial census. The Census was taken in 2020, and the population data was released by the Census Bureau in August of 2021. The Terrebonne Parish Council has examined, reviewed, and considered various alternative alignments based upon the findings of the United States Department of Commerce, Bureau of the Census. The Terrebonne Parish Council established the considered map alignment entitled Alternative 1-A, and that the aforementioned districts are hereby established as described in Ordinance No. _____. In the process of establishing Alternative 1-A it was necessary to create numerous small voting precincts. The process of establishing Alternative 1-A it was necessary to create numerous small voting precincts. The process of holding elections in these numerous small voting precincts is unsustainable due to limits on available resources such as voting machines and election commissioners. The window for merging precincts as specified in Louisiana Revised Statutes 18:532.1, Paragraph D(1)(b) is open due to the completion of redistricting by the state legislature and all local governments.

PROJECT PURPOSE & BENEFITS (150 WORDS OR LESS)

Mr. Guidry,

Please see the attached proposed ordinance for **Terrebonne Parish Precinct Mergers**. This ordinance creates various mergers of smaller precincts created during the redistricting process. The ordinance I sent you guys prior to the last council meeting included only those splits. It is important to remove these smaller precincts in order to ensure that elections are sustainable going forward with the available number of resources such as voting machines, commissioners, etc., as well as to comply with state law regarding the elimination of precincts with less than 300 voters.

Normally I would provide **one** ordinance, but the governor's veto of the congressional redistricting plan delayed my ability to get this to you all earlier. I've also attached a spreadsheet indicating which precincts will be merged with the final polling location **bolded**. I have communicated these changes with both the Registrar of Voter's and Clerk of Court's office on these mergers and I have received no objections with the proposed.

If you agree, please place this on the next available agenda for introduction. My understanding is this needs to be adopted no later than May 25th in order for the Registrar of Voter's and Clerk of Court's office to have time to implement the changes.
